

President R. Kylie's Address To the Lindsay Board of Trade

"He is a member of no architects' association," admitted the acquaintance, "but he has always given considerable attention to school architecture and all phases of school life. In addition to the educational. For many years he has given special attention to the heating, ventilation and lighting of schools and made special mention of these features in his monthly reports."

Proud Parent—Here, son, is something to
 self up in business when you grow up.

and Haliburton have subscribed for ditto our counties.

STONE RUG IN BROAD DAYLIGHT

A daring thief, and one with a considerable amount of gall, walked into the Butler House recently and stole a large and expensive rug from the sitting room floor. The robbery was committed broad daylight, and the wonder is that he did not carry away the other rug on the same floor.

WOOLVILLE MEMORIAL FOR RETURNED MEN
Workers are engaged in the erection of the Woolville memorial to those who served and fell in the great war. The memorial is being erected on the corner of the town hall lot and will be a handsome one of marble, on which is engraved the names and services of the men. This is the first memorial to be erected in this locality so far as we are aware.

Be true to yourself. Buy Victory Bonds.

DR. CAVAN'S COTTAGE WAS BURGLARIZED

County Constable Conquerquod, who has been scouting in the vicinity of Pleasant Point in search of the burglars who entered the summer cottages at Pleasant Point, discovered that the fine cottage of Dr. Cavan, of Toronto, on Striggoon Lake, was also entered and considerable havoc done. It is not known just how much goods the thieves got away with, but everything was left in a topsy-turvy condition.

Apparently the summer home of Mr. Morton, of Toronto, situated immediately next to Dr. Cavan's house, was not entered.
It is assumed that the thieves had a boat, as there were no marks of cars or rigs, but a boat mark could be seen in the sands on the shore.
It is to be hoped that the County Constable will be successful in rounding up the thieves.

New York funds closed at 3-4-6 a gain of 5-31 for the day.

LEIGH R. KNIGHT WINS AUTOMOBILE APPEAL IN TORONTO —JUDGE SWAYZE UPHELD

The Divisional Appeal Court in Toronto yesterday with Justices Meredith, Riddell, Latchford and Middleton sitting dismissed the appeal with costs of Richard Woon of Port Perry against George Endicott. This was an interesting automobile case tried before His Honor Judge Swayze last March, when His Honor gave Endicott judgment for \$470.50 damages and costs against Woon as a result of the accident on the 12th of July, 1918, in Lindsay. The case was appealed by Woon to the Divisional Court, Mr. Harris of

Port Perry represented Mr. Woon both at the trial before Judge Swayze and at the Appeal. Mr. Harris asked at the Appeal to be allowed to put in new expert testimony both automobile and medical but this request was refused. Mr. Harris being told that his opportunity was at the trial and it was too late now to ask. The costs will amount to far more than the Judgment. Leigh R. Knight represented George Endicott both at the trial and before the Divisional Court yesterday.

DISMANTLING GERMAN FORTS

London, October 30.—The work of dismantling the fortifications of Heligoland under the terms of the Peace Treaty has begun by the German authorities. An Allied mission

will later inspect the island to ascertain whether the provisions of the treaty have been carried out.

Passports for most of the German and Austrian delegates invited to confer in London on November 5 on the Central Empire problem, have been refused by the British Government.

BIG STOP YOUR CHILD'S COUGH

When a child starts coughing, mother's duty is to give the little sufferer a **Pep's** tablet, and thus prevent any weakening of the lungs. At the same time, the soothing medicine given off by the tablet fumes gives off powerful fumes which soothe the tender breathing passages straight to the lungs and bring immediate comfort and relief.

Pep's contains no opium or other harmful drugs, and can be given to a child (either whole or crushed in powder) with the assurance of absolute benefit.

One little Pep at night will stop the heaving passages and let the little one sleep peacefully by coughing fits. A Pep before starting for school in bad weather is also an invaluable safeguard for the child's throat and chest. All dealers, 60c. box.

FREE TRIAL
Send this advertisement, name of paper and 1c. stamp (for return postage) to **Pep's Co., Toronto** and free trial package will be sent you.

OVERCOATS

READY-TO-WEAR Overcoats and topcoats which, when compared with the high-priced custom-tailor's production, will stand up as bravely as any others did when they started the Run on the run.

Cut on the lines of the "average" man, but if not just right for you, we'll make them right for you, with nothing extra for the alterations.

A. J. MCBRIDE

Mr. and Mrs. Richard James are also moving back to the village. He has purchased the property belonging to Mr. Shaw and will reside there. According to the health authorities, there are about 20 cases of smallpox in Bradford.

John McGrath, one of the oldest teachers of the province, died at his home in Campbelltown.

WILL NOT DROP TRIAL OF KAISER

London, Oct. 31.—In the House of Commons yesterday Major Lann-Fox asked the Premier if he was aware that there was a growing feeling throughout the country against bringing the ex-Kaiser to trial and in favor of leaving him to the punishment of his own conscience and the contempt of the world. Hon. Mr. Lloyd George replied that he was not aware of any feeling of feeling against the trial. The Government saw no reason why the provision of the peace treaty, which had been approved by the House, should not be carried out.

DOWNEYVILLE

Downeyville, Oct. 29.—Miss Gertrude O'Connell, of Ops, spent the week end with her sister, Mrs. D. Fitzpatrick.
Mr. Frank Lucas, who has been in the west for the past few months, has returned home.
Mrs. Kavanaugh of Detroit spent few days with relatives in the village.
Miss Lucy Dorean, of Ops is visiting her sister, Mrs. Thomas Mathia.
Dr. Brod of Lindsay made a professional visit to the village last week.
The painters are busy at the new hall which is nearing completion. The structure is one of the finest in the country.

COULD FIND NO TRACE OF A STILL

Lieutenant Inspector Thornbury of Lindsay, and Inspector Floody, of Toronto, have returned from Kinmount and vicinity, where they were investigating a complaint regarding an alleged still which was believed to be in operation. However, no signs of any illegal whiskey-making could be found.
Inspector Floody complimented Mr. Thornbury on the manner in which he looked after his district.

PAINTED U.F.O. ON HORSES

Chatham, Nov. 2.—A Harwich township farmer laid a curious complaint before High Constable Peters this morning alleging that on Saturday, when he went to water three of his horses, he found that the initials U.F.O. had been painted in large letters on the horses' hips.
The farmer thinks the prank is the result of his attitude during the recent elections, when he did not support the candidate of the United Farmer organization. The county police are investigating.

ACCLAMATION FOR DRURY

Barrie, November 2.—The Ontario Premier-elect, E. C. Drury, informed the World this afternoon that he had decided to accept the offer of the seat in the Legislature made to him by H. G. Murdoch, member for Centre Simcoe.
Mr. Murdoch had a majority of 1400 at the recent election and it is officially stated here that, for more reasons than one Mr. Drury will not be opposed.
Mr. Drury expresses his regret at losing the services of Mr. Murdoch in the legislature. The member for Centre Simcoe who as a prosperous farmer in the township of Thry, insists, however, upon giving way in favor of the U. F. O. leader.

ELLA WHEELER WILCOX DIES

New Haven, Conn., Oct. 29.—Mrs. Ella Wheeler Wilcox, author and poetess, died at her home, "The Dunelm", in Bradford today. Mrs. Wilcox had been ill for some months having had a nervous collapse which was in part due to her work in England. She was 64 years old.

A Silver Cross For Every Mother

Victoria, B. C., Oct. 31.—Major-General Imbrium, Minister of Militia, speaking at a reception of 16th Battalion members here, announced that a silver cross, hung from a purple ribbon, would be given to every mother who had lost a boy at the front. Right war memorials are to be erected to the memory of the Canadians who fell overseas. One of these would take the form of Hall of Records, while the others would be memorials commemorating the fallen.

That Racking Persistent Cough

Should Never Be Neglected.
The constant hacking, racking, persistent cough that sticks to you in spite of everything you have done to get rid of it, means danger.
The longer the cough sticks, the more serious means it becomes to your health. It is a very easy matter to get rid of the cold at the outset by using

Dr. Wood's Norway Pine Syrup.

In nearly every case it will ally the inflammation, soothe the irritation, heal the diseased mucous lining of the lungs and bronchial tubes, and thus rid the system of all the bad effects of the lingering cough or cold.
Dr. Wood's Norway Pine Syrup has been universally used for the past 20 years, and to great has been its success, it is only natural that a great many imitations have been placed on the market.
Don't accept any of these, so-called Pine Syrups. Get the original "Dr. Wood's."
Put up in a yellow wrapper; 3 pine trees the trade mark; price 25c. and 50c.
Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Which are you going to have \$45 or \$82.50

IF you have \$100 in the Savings Bank it will pay you 3 per cent. interest, or in fifteen years, \$45.00.

IF you take that money out of the Savings Bank and invest it in Victory Bonds, Canada will pay you 5% per cent. interest on it, or in the same time, \$82.50

BUY Victory Bonds and get more interest

HEALTHY MIND

Three Years of Suffering Quickly Ended by "FRUIT-A-TIVES"

For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a doctor and took his medicine, but it did not improve and I was very tired. A friend advised me to try "Fruit-A-Tives" and I did so. I was greatly relieved, and finally this marvelous fruit juice did me completely well. I am now in perfect health and I can do all my usual work without any further complaint.

SHOT A WOLF

Mr. Harry Welch, sr., of Algonquin, was quite surprised to procure a good sized wolf, not two miles from the village. He will be pleased to receive the bounty on the wolf, but would rather catch a nice black fox. He may do that yet.

OBITUARY

John Swain
On Friday evening, Oct. 10th, the late John Swain, of Valencia, passed to his eternal rest at his home, Maple Grove Farm, at the ripe old age of 87 years, 8 months. He was born in the Township of Cavan, his father being Wm. Swain, of that place in the year 1816, when quite a young man he, with two of his brothers, joined a number of others, who were coming to this country and settled near by Lake Seagow, to new homes out of the forests for themselves and families. The others have preceded him, some long since and some of the late years, but with his passing the last of the pioneers of Valencia have gone to their reward.

The deceased was a faithful member of the Methodist church for 50 years, and ever a devoted and closely the teachings of the Bible, which was to him the best of books. The family greatly mourn his loss, but are looking forward to the reunion when this life on earth is over. The funeral services were conducted at the house by Rev. Mr. Clark who gave a feeling discourse of the well known text, "Thou shalt love the Lord thy God with all thy heart, and thy neighbor as thyself," showing some of the traits of character of the deceased and the service with his favorite hymn, "God be with you Till we Meet Again." He will be laid to rest at the Lakeside Cemetery.

Down where the silvery maples hang and their branches bow,
And the waves of Seagow ripple close along its side,
Where the sunbeams fall so sweetly, and shed the shady trees,
And the soft and gentle breezes of whisper through the leaves,
Father sends his fatherly love, and underneath the sod,
But his spirit is gone to heaven there to dwell with God.

BODY HUNG TO RAPTERS IN HEART OF TOWN

Whitby, Oct. 31.—Whitby found that the body of a man, who was killed by a car, was hung to the rafters in the heart of town. The body was found in the street, and the car was found in the street. The body was found in the street, and the car was found in the street.

Chinese Boy ?
While conducting mystery around the identity of the dead person, it is believed he is Sato On, a brother of Joe On, who runs the Chinese restaurant here. The late who was fifteen years old, and attended Henry Street School, was last seen in the street on the morning of March 25, the latter stated that he had telephoned to Toronto, Hamilton, Ottawa, as well as his information, but never received any information.

Request Held
The body of the Chinese boy was held in the street, and the car was found in the street. The body was found in the street, and the car was found in the street.

BETTER THAN STRIKES.

Geolph Herald: The spirit of compromise in arbitration, less of mutual understanding of each other's difficulties, in the end works more for mutual welfare and good will than costly strikes, no matter which side is victorious, and which perhaps may have been fairly settled, were this the guiding principle.

NEWSPAPERS IN SCHOOL WORK.

At the recent meeting of the North Ontario Teachers' Institute in Beaverton, Principal J. H. Bell, of the Cambridge schools, outlined the use for making newspapers in school work. In many American schools a good deal of attention is paid to the use of newspapers and magazines, and it is encouraging to find our Ontario teachers alive to the value of current events. A regular item to be put on newspaper reading by a weekly competition for the most important news item of the week, or the most interesting items of local news—Owen Sound Sun Times.

THE REAL THIEF OF TIME.

A punctual poet sings of the sin of unpunctuality. The victim of unpunctuality is usually its own reward. The punctual man gets the worst of it. He who, innocently trusting the advertiser, meets of a public meeting, is late at eight o'clock, and, after there waiting patiently or fuming until half past eight, when the wise but unscrupulous arrive, says the Toronto Star, He has a

finer regard for the value of time, but is always losing it keeping appointments and waiting for the other fellow. The unpunctual man is like the tightwad who saves his money by holding back his share of the expenses of his amusements and undertakings. He deserves all the scolding that is flung at him, but scolding is his only punishment. He can afford to disregard concern while he hears his ill-gotten gains of time, knowing the loss will fall upon his virtuous neighbor.

An older poet told us that procrastination is the thief of time. What he should have said was the procrastinator is the thief of time and the punctual man the loser and the victim.

FUEL SITUATION IN CANADA.

The fuel situation in Canada is one which must be faced in an effort to overcome the annual threatened shortage and the constantly rising price of coal.

Canada possesses immense coal reserves. Unfortunately, much of it is unsuitable for locomotive purposes, owing to its tendency to spall, also, owing to its high moisture content, it rapidly disintegrates on exposure to the atmosphere. Again, at the mines, both below and above ground, in adding the coal and in handling it a vast amount of slack is created, which, up to the present, has been considered as waste.

A process for utilizing this slack coal, as well as run-of-mine coal, has for some time been under development. By this method the coal is pulverized into fine particles. Never sent, will pass through a 200 mesh screen and 75 per cent, through a 100-mesh screen. After the coal has been put in period, it is fed from the bins by screw conveyors and blown to the furnace.

Good results have been secured by experimental plants, in the metallurgical industries, and on locomotives. In the heating of large buildings the use of pulverized coal has proved an economical fuel.

MADE MONEY ON VICTORY LOAN BONDS

The story is told of a well known business man of Woodville who has just invested \$5,000 in Victory Loan Bonds. Three months afterwards he decided to sell when the bonds were at several notches, and as they were on term bonds, he realized \$450 on the investment. Add to this his interest of 3 1/2 per cent, and the commission he received on the bonds, as he was also an official canvasser for the bond drive realized over \$200.00. This was good business, and it is a instance of what other business men can accomplish if they put their savings in Victory Loan Bonds.

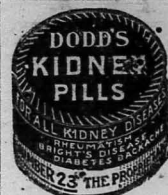

Gales, with heavy snowstorms, are causing up traffic on the Great Lakes.

HAS PURCHASED WOODVILLE HOTEL.

Mr. Sam Altmeyer, who for some time past has been connected with the Ontario Electric Commission at Hamilton, has purchased the Woodville hotel from his father-in-law, Mr. Lucas. The Woodville hotel is one of the best in the country.

WOODVILLE MEMORIAL WILL BE SUBSTANTIAL

In order to make this memorial, which is being erected at Woodville by the Township of Eldon, the Village Council and the Red Cross Society, one worth while, such a credit to the community, the Township Council will levy a tax of one mill on the dollar and the Village Council will donate \$200 cash to the memorial. Work has already commenced on the erection.

MAY HAVE TO FIGHT WHOLE OF RUSSIA

Lyon, France, Nov. 4.—(Lafayette) announces that the Romanians will attack Russia in the near future. This purpose will cause less embarrassment than the Russian Hunanians, for the council will not greatly concern itself should Romania, of its own initiative, appropriate a valuable ally of Russia. The council will simply not act in the matter, neither by sanction nor disapproval, but Romania will have no support if thereby, it may have to fight the whole of Russia.

American delegates to the Peace Conference have taken the attitude that the dismemberment of Russia will be a dangerous course; that the Russian has gone so far as was safe in the construction of Poland and Finland; and that there is danger in the establishment of small Baltic States.

In this view, Romania will be no better able to hold Bessarabia than would the Poles be to hold all Russia. The rest will come when Russia shall be itself again. The latest news to Romania from the Hungarian situation, and to demonstrate whether there is a government in Hungary which the allied and associated powers can recognize, is expected to bring the Hungarian situation out of the twilight zone.

Magistrate Livingston's salary has been increased by Brantford Council from \$2,500 to \$2,750 on condition he devote his entire time to his office.

1,000 DRUG CLERKS ON STRIKE

New York, Nov. 4.—Four thousand drug clerks will go on strike at 1 o'clock Thursday morning. It was announced today at the office of Charles A. Affenkrant, attorney for United Drug Clerks, 63 Park Row. The strike will not affect the clerks in hospitals, institutions, dispensaries and clinics, nor clerks in the employ of such of the proprietors who have agreed to the demand of the clerks.

POINTED PARAGRAPHS

Rev. P. L. Elder, retired Methodist minister, of Brantford, died suddenly while dressing. By selling its \$100,000 of 1915 Victory Bonds and reinvesting the money in the present loan Galt has made \$11,625. Leon H. Hatfield, former Secretary of Embury Farmers' Club, but lately U.P.O. Purchasing Secretary in Toronto, is dead. The little son of Rev. Dr. Thurston Fisher, of Owen Sound, was knocked down by a motor car on its way home from school and fatally injured.

POTATOES

Well matured Maudsley stock Dry and meaty when cooked. Excellent keepers.

Hay and Straw

Carrloads just arrived.

Robertson & Padgett

Phone 664

Women in Production, N. B., are to be taxed and to vote on the same basis as men.

Poultry Wanted

We are going to load a car of live ducks and geese. We do not know the exact date at present as we are waiting for your car to arrive. If you have any ducks or geese for sale, let us know, and we will advise you when to bring them in.

We will pay you 18c per lb. for geese and ducks. Live weight, when our car arrives. This is a very high price as the Toronto poultry houses only pay 16c, the limit for live geese.

Take advantage of the opportunity as you may not get as good a price again this Fall.

Also we want turkeys. 30c for young turkeys, alive weighing 9 lbs and over.

We will take ducks, chickens and hens any day, but do not bring geese or ducks in again, till we advise you as to the date.

All poultry to be delivered at the Fitzsimmons building, next Wellington st., bridge. Closed at noon on Saturdays.

For prices, phone

ROYAL COSTUME CO. 97 KENT-ST LINDSAY

FIGURES SHOW THE RESULTS

While it is possible to secure a comprehensive and accurate picture of the provision made in Canada for ex-members of the forces, the same information is not so readily available in other of the allied countries. In some of these countries the work of rehabilitation is yet in a state of flux, and the various branches dealing with the former soldier or sailor have not yet finally determined the lines of their activities. In Canada, dealing with the work in Canada it is possible to survey an accomplished result, while in some of the allied countries these important matters are yet in the shape of mere program.

Many statements have been made as to the provision made by other countries, but investigation reveals that there is very little data available in the case of the allied countries. It is understood that the operation of this system has never been entirely satisfactory and as possible aid will be discontinued.

In Australia the Department of Repatriation has been established, and labor bureaus which act as clearing desks for inquiries and claims of returned Australian soldiers, and in England the Industrial centres which get in touch with opportunities for work. The discharge of soldiers to find employment may be given certain maintenance allowance. During the twelve months ending March 31, 1919, 13,791 such grants were made. A report up to May 14th, shows that after fourteen months' work, the following results have been achieved: Applications for employment 47,260 Placements 32,470

Percentage of placements 68.55. In the United States, immediately in the signing of the armistice, arrangements were completed for the repatriation of American soldiers. The employment office, by the failure of Congress to vote the necessary money for the work, was delayed in getting started. Early in 1919, the work of introducing returned men to employment is at present being carried on by voluntary organizations.

Although the system of benefits offered in Canada is an excellent one, still bear comparison with that of any other country.

professional and business office. It employs a principal and industrial center labor sources who interview employers. It acts as a clearing house, and arranges for the employment of ex-servicemen. It has dealt with over 175,000 inquiries.

After a lapse of ten months after the commencement of the Information and Service Branch, show as follows:

Applications for employment 90,103 Placements 84,647 Percentage of placements 93.93. The percentage of placements in employment is carried on through the labor bureaus, which are established in all principal centers. There appears to be no definite machinery for the placement of returned soldiers and no figure is given. The soldiers were registered as out of employment and were drawing the out-of-work dole. This dole is paid through the labor bureaus in amounts of \$7.00 a week. It is understood that the operation of this system has never been entirely satisfactory and as possible aid will be discontinued.

In Australia the Department of Repatriation has been established, and labor bureaus which act as clearing desks for inquiries and claims of returned Australian soldiers, and in England the Industrial centres which get in touch with opportunities for work. OME MEME ITEMS OF THE WEEK

Omeone, Nov. 4.—Master Timothy Eaton, of Toronto, sent his work and with his grandmother.

Mr. and Mrs. Cook (see Mac Millan Thompson) and infant daughter, were killed in a car accident near where they will remain until February, when they leave for their mission field in China.

Mr. and Mrs. Clayton, of Lindsay, were the guests of Rev. and Mrs. Stillman last week.

Mr. and Mrs. McCrory left on Tuesday for Toronto, after a pleasant visit with his mother and sisters here.

Mr. and Mrs. Harrison and children, were the guests of Mr. and Mrs. Samuel Faulkner on Sunday.

Although several of our Omeone boys won recognition overseas, Lieut. Clifford Mallan was the only one to be decorated in Canada by the Prince of Wales. Lieut. Mallan was a bomb instructor in a camp in England. One of the men failed to throw a bomb over the top of the trench, and he was killed. The soldier put his foot on it. Lieut. Mallan, seeing the danger his men were in, ran to the trench, and picked up the bomb thrown by him before it exploded, his prompt action saving lives and limbs of many of his men.

Mr. McCrory, Mrs. Mulligan, Mr. McCrory and the Misses McCrory, were the guests of the principal of the "Eaton" to be present at the ceremonies in connection with the visit of the Prince of Wales, returning on Saturday evening.

Miss Lila Parsons returned home last week after a pleasant visit with her mother and sisters here.

Mrs. Percy Nugent and children, of Lindsay, were the guests of Mr. and Mrs. Harrison on Sunday.

Mrs. Louise Morabene is visiting her parents, Mr. and Mrs. Baldwin of Whitchurch.

Mr. Toole returned to his home in New Toronto this week after a pleasant visit with friends in Lindsay.

Lieut. Fred Bradley returned home last week after an absence of several years overseas. Mrs. Bradley and her family will not come home until spring.

Mr. and Mrs. Harry Nugent returned home last week after a three months' visit to their son, Milton, in North Dakota.

A great many young men from our village have secured good positions in Ottawa. Among those to join the number during the last year were Albert McConnell, George Kaise and Harry Stinson.

Dr. Walter Nugent, of Newberry, Mass., paid a flight to his home in Lindsay last week.

A large addition is about to be built to the present train, and new machinery installed, after the manufacture of steel leather has started, and many more will be employed. It is rumored that many new houses will be put up by the company to accommodate their employees.

A jolly crowd of villagers journeyed to the home of Mrs. and Mr. Brown (see Miss Edith Peat) last Wednesday night and presented them with a miscellaneous shower, accompanied by many good wishes for their future happiness.

LITTLE BRITAIN

Little Britain, Nov. 4.—Mr. and Mrs. Everett Keirle, of Cananago were the guests of her parents, Mr. and Mrs. Archie Glenney, on Sunday last.

Mr. and Mrs. Will Wickett, are spending their week-end at Cananago.

Mr. and Mrs. W. C. W. and daughter, are spending the week-end with Mrs. Charlie Voe at Agincourt.

Miss Lily Pogue spent the week-end with friends in Lindsay.

Mr. and Mrs. J. W. Ogilvie, this week-end with friends in Lindsay.

Mr. and Mrs. J. W. Ogilvie, this week-end with friends in Lindsay.

DO NOT WANT LIBERALS OR CONSERVATIVES

Farmers' Sun is Strongly Opposed to Dr. Cody as Minister of Education.

With the cool breezes from the north there blows in at the window of the office where E. C. Drury is busy on Cabinet construction a warm demand for portfolios for Northern Ontario.

It is stated now that Mr. Drury has determined to take into his Cabinet no one elected to the House in Ontario.

Great Introductory CLUB OFFER for TWO WEEKS

We want to place twenty-five of our beautiful high-grade "Greene" phonographs in as many Lindsay homes in the next two weeks, and to the first twenty-five members who join our club, we make this exceptional offer.

OUR CLUB MEMBERSHIP FEE OF ONLY \$5.00 PUTS THE "GREENE" CABINET PHONOGRAPH IN YOUR HOME. The "Greene" is the result of our successful efforts to bring down the high price of sound re-producing instruments, and to put on the market an instrument that will give satisfaction every way at a lower price than has been thought possible up to the present.

Already a large number of "Greene" phonographs are giving continuous enjoyment to their owners, and people who previously did not care to buy a high-priced instrument, find they can easily purchase the "Greene."

Our Club Proposition Makes it Easier Still

The "Greene"

STYLE 10

In a beautiful fumed oak case, table design, double spring motor that will play 3 to 4 records with one winding, double the strength of the motor in machines that sell at \$70.00 or more. Very smooth running and a wonderful instrument at our club price, and on club terms for only

\$53.00

FREE to club members, with the style 10 "Greene" we give five double faced records (10 selections) and pkt. of needles.

SPECIAL. If you pay all cash, we give you four additional records (8 selections) free.

TERMS to Club Members

To become a member of our club of 25, all you have to do is select the style instrument you wish, and the five records that are given to each member, pay only \$5.00, and the instrument will be sent to your home at once, the balance payable at the rate of \$10.00 a week.

STILL BETTER. If you pay all cash within 10 days of the date of purchase, we will give you four additional records (8 selections) your choice free.

DON'T WAIT—JOIN THE CLUB TODAY—ONLY 25 MEMBERS. Think of the long winter evenings ahead, and what a home entertainer like the "Greene" will mean to your family circle. Our club terms make it so easy to own a "Greene" that there is no excuse for depriving the home of one of these high class instruments any longer. Call at our store or phone us your desire to join the club.

BOY FOUND AFTER FIVE YRS. SEARCH

To suddenly disappear from home as if the earth had opened and swallowed him, and to turn up five years later, after his relatives had given him up for dead, is the experience of James Kenneth Duval of Simcoe, Ont., who left his home December 2, 1914, when his request was refused by his parents.

Duval was a second form student at the Simcoe high school, tipping the scales at 145 pounds, and well over the average size for a youth of his years, when he endeavored to gain his parents' consent to serve his country overseas. He left without any warning, and for five long years the search was continued without avail. His relatives finally concluded he had gone to France and there made the supreme sacrifice.

Fate, however, was kinder to Kenneth Duval. A few days ago his mother received a letter written by her boy to a chum, from Germany, where he is now with the American army of occupation. The letter stated that the runaway was in the best of health and thoroughly enjoying his job with Uncle Sam.

Mrs. Duval has written to the unit commander of her son's regiment, and hopes soon to be in direct communication with the missing lad.

Market Report.

Clerk Callaghan of the market, submitted the report for the month ending October 31st, as follows:

PRESENTATION AT UPHILL

Mr. and Mrs. Foley Are Leaving For Kirkfield.

Uphill, Nov 4th—Charles Peel and Walter Stewart are busy taking their cattle off the range.

Some of the farmers in our midst are late with their potato digging, owing to the wet weather.

Mr. James Suter is making good headway at his new house and stable.

We are sorry to hear that Mr. and Mrs. D. Martin are leaving our village.

Miss Marjory Gilmour of Kirkfield home for a couple of weeks.

Miss Nora Barker was the guest of Miss M. Stewart last week.

Mr. A. C. Cooper is the guest of Mackenzie over the week end.

Mrs. Vise, of Cambridge, spent a few days with Mrs. H. McCaughy and Mrs. A. Gilmour last week.

On the evening of the 27th a pleasant gathering occurred at the home of Mr. and Mrs. Mat Foley, when a number of neighbors and friends came together to express their kind and best wishes to Mr. and Mrs. Foley, who are about to leave the neighborhood to take up their residence near Kirkfield. The evening was spent in dancing and social conversation. Refreshments were served. Then followed the presentation of the evening, a purse, the following address was read by Mrs. Walter Stewart, while the presentation was made by Miss L. O'Brien: Dear Mr. and Mrs. Foley—We, your friends and neighbors have gathered here this evening to bid you farewell. We all regret your departure, and we hope you will enjoy your new home. Therefore, on behalf of your friends of this community, we ask you to accept this gift. Though it is only small, we trust it will speak to you of sympathetic hearts and kind thoughts still remaining for you in the old home neighborhood.

Signed on behalf of their neighbors and friends.

Children's sizes 6 to 10, regular 65c. Special 45c

Headquarters for all kinds of Rubber Footwear.

AT THE ACADEMY

MICKY MERE TOMMY

Mickey, the picture you'll never forget, Mickey, the little girl you'll love, Mickey, the song everyone knows, all are at the Academy to night. As a story Mickey is a blending of every emotion. Yet the story, with its comedy, its romance, its pathos, and its wonderful thrills, is of the simplest sort. Mickey charms you, Mickey amuses you, and when it is all over you say "Gee I wish I was just starting." That's the success of Mickey, and why hundreds clamor to see Mickey at every performance. Mickey is here for three days and Saturday matinee. Are you going to be one of the disappointed ones at not seeing her?

WILLIAMS

NEW SCALE PIANO

When the price is no higher, wouldn't you prefer to buy a Canadian-made hub-jack piano? There's only one answer, and that is "Yes." The Williams New Scale ranks among the world's best. The late John Vetter, who once played at Windsor Castle. Famous artists like Melba, McCormack, Clara Butt, Kathleen Parlow, Alma Clark, and hundreds of others, all chose the Williams New Scale for their Canadian tours. Face like this enable you to form an idea of its quality—a quality that meets the most exacting tests. And the Williams is made in Canada by Canadian, for Canadians.

Guaranteeing a musical treat—go to any Williams Dealer and hear the Williams New Scale. Illustrated literature sent on request.

48-HOUR A WEEK LIKELY WILL BE ADOPTED BY THE INTERNAT'L LABOR CONFERENCE

Washington, November 7.—From present indications there seems to be every likelihood that the international labor conference will adopt the proposed convention on the 48-hour week. No doubt there will be modifications of the original proposal submitted by the organizing committee. The probabilities are that discussion on details will be protracted. The final vote may not be some time distant. But, generally speaking, the expectations are that the convention will accept the necessary two-thirds vote of delegates present.

OFFER AMENDMENT. Today, the labor group held another meeting to discuss the situation. They have an amendment, it is understood, which proposes a maximum working day of eight hours with a maximum week of 48 hours. This amendment, in large part, meets the objection raised by the Canadian labor group to a convention based on a 48-hour week. The Canadian labor group argued that the week of 48 hours might mean a nine- or ten-hour day on certain days. In addition, the Canadian labor group stood for the Saturday half-holiday. The proposed amendment which will probably be submitted by Jean Jonsson, French workers' delegate, is intended to prevent the carrying of hours from one daily period to another, with provision, however, for exceeding the maximum in abnormal cases. The claim is also made that the establishment of such maximum as the above will limit international recognition of the Saturday half-holiday in those countries where it already exists.

CHILDREN PERISH IN A BAD FIRE—TRENTON HOME DESTROYED

Trenton, Ohio, Nov. 7.—Two small child, son and daughter, together with their mother, perished in a fire which destroyed the home of the family, which was destroyed by fire. The fire broke out at about 6 o'clock, Mr. Hartfield and his wife were in the house. The fire broke out in the kitchen, and the family fled. The fire spread rapidly, and the house was completely destroyed. The family was rescued, but the children and mother were killed. The fire was caused by a gas stove.

THE LABOUR SITUATION.

Increased activity in both supply and demand is marked in the weekly returns of the Ontario Government's Employment Bureau. In the week ending Oct. 25, 25,293 men applied for work. In the week ending Nov. 4, 27,222 were applied for work. Similarly, considering the vacancies notified by employers, the number during the latter week was 1770 as compared with 2119 the week before. The men actually placed by the bureaus numbered 1553, during the week ending November 4, and 1922, the week ending Oct. 25.

The latest figures available from the Employment Service of Canada of which Ontario is a part, show that during the week ending Oct. 25, 6789 men were placed in employment, in all the provinces. The statement of this service reads, "The increased activity of this week is noted chiefly in Ontario and the three prairie provinces."

In the Ontario returns, the Women's departments show a slight decrease in activity all around. The supply of women employees insufficient and during the week ending Nov. 1st, the Ontario Bureaus placed only 115 in regular positions and 213 day workers.

AGRICULTURE SHOULD HAVE A FAIR REPRESENTATION

Belleville Man Contributes Letter to Montreal Gazette.

Mr. George L. Jones, of Belleville, Ontario, has contributed a letter to the Montreal Gazette, in which he expresses his views on the result of the Ontario election as coming from Ottawa. To the effect that the result was due to apportionment caused by the war. The opposite publisher, under the heading of "An Agricultural View," and Mr. Jones writes as follows:—

"Now I am at a loss to know what is meant by 'abnormal activity.' If they mean that the farmers (who did more than anyone else to break up the old party lines), evaded by labor, the women and other, right thinking people, have at last awakened to their rights, with a determination to have them, then I regret it if they are insinuating that they are any lack of intelligence on the part of the people who carried out the election. I do not agree, because I believe the farmer and all people connected with the election are just as intelligent as the average man who has in times past represented us."

"I think people have awakened to the fact that no one class of men can rule a country like Canada. All classes must be represented. While the farmer is the man who feeds us, all I can think he ever should risk is, with labor and the manufacturer, must in future be fairly represented. In order to take our country from becoming lapsed. We must realize that the different classes all have rights, and are but a part of a big wheel. The destruction of, or weakening of any one weakens the whole wheel, and we must have co-operation between farmer,

labor, manufacturer, capital, including the retail and wholesale dealer, and if we had this there would be little if any necessity of government fixing of prices, restricting of profits and a hundred and one things which often help no one and all please none.

"Of course the proper place to start is in the school. Teach the boy, the child and the farmer's child, and the manufacturer's child, and the capitalist's child their relation to each other. As we have not yet introduced this into our schools the government might settle some of the present unrest, by starting an educational campaign along these lines, for the betterment of the condition of all."

Since the above was written Mr. Jones has taken up his residence in Belleville, as manager of the Judge, Jones Milling Company.

ELDON STATION.

Eldon Station, November 9.—Died—At Belleville, Mr. John Patman, ex, on Wednesday, November 2, passed on Friday to the rest in the cemetery.

It is rumored that Mr. Robert Nicholls, of Lindsay, has sold his farm to Mr. Allen McDonald, of Kirkfield.

Mr. Wilfred Plummer is busy making his fine driving school.

A number of young men in this district pursue more hunting.

The roads are quite bad in this parts, but considerable money has

been spent on them.

We are sorry to learn that Mr. George Brown, of Lindsay, is going to leave our district.

His purpose is to go to the city to look after his business.

Mr. George Brown is able to be present again, recovering from a severe cold.

Had Severe Cold IT TURNED TO BRONCHITIS.

Many people have bronchitis and don't know it.

Don't even know the danger of neglecting it.

Bronchitis starts with a dry, short, painful, hacking cough, accompanied by rapid wheezing, and a feeling of oppression or tightness through the chest.

At first the mucus expectorated is a light color, but as the trouble progresses it becomes of a yellowish or greenish color, and is very often of a slimy nature, streaked with blood.

Bronchitis should never be neglected, pneumonia or consumption may follow if it is.

Mr. E. E. Boyer, Edmonton, Alberta, writes:—Last winter I took a severe cold which turned to bronchitis. The doctor I had could not seem to relieve it, and I had been treated by him for eight weeks. Then, a friend recommended me to try Dr. Wood's New Cough Syrup. After taking one bottle I was greatly relieved. It has kept me well, and I can say it has quite cured me. It has stopped my cough and my spitting up of mucus.

Have not had an attack since. I have since you I would not be without a bottle of it in the house. It has helped my children also. I think it is a wonderful remedy for coughs or bronchitis."

Dr. Wood's New Cough Syrup is sold in a 5¢ bottle wrapper 25¢ per bottle. The trade mark, page 25, and 50¢.

Manufactured by The T. M. Barron Co., Limited, Toronto, Ont.

Argyle visited friends in town last week.

Mr. William Wyly, of Victoria, B.C., was a business visitor in this village.

Mrs. Donald Campbell, of Toronto, is the guest of Mrs. McDonald.

Mr. McLean has a large truck now completed for hauling wood with his tractor.

A number of young people from this village attended the dance at Kirkfield and report a good time.

A bag of corn has arrived here, and farmers are busy getting their supply. This valuable item is selling at 52 per cent.

Town-Planning Expert Victed
Peterboro

Peterboro, Nov. 7.—Thomas Adams, town planning adviser of the Dominion Government, was the guest of honor at the Board of Trade luncheon held here at noon today.

In an address Mr. Adams spoke of the housing problem, and said that any town that offers bonuses to manufacturers shows signs of weakness.

"You should make your town so attractive that they would have to come here," said Mr. Adams. Continuing he said: "We have not solved the problem of rural organization of industry. The present condition means strikes, slums, disorder, and even among well paid workers, a growing hatred of taxation, rapidly increasing because we have no well-defined organization to plan our cities, as we do our industries."

City planning has to do with transportation, streets, waterworks and buildings. So streets should be less than thirty feet wide. In the residential districts forty feet is ample, but in the congested districts they should be one hundred feet wide.

Other factors demand the ground, and therefore we should adopt a minimum of sixty feet as a standard."

Got a Cold?

Pepp will give you relief. Simply dissolve a Pepp tablet in your mouth. Your breath carries the medicinal and germicidal properties of Pepp, which is released, to all parts of the throat, nasal and oral passages, where a liquid medicine could not possibly reach. This vapor destroys all germs with which it comes in contact, soothes and fortifies you against coughs, colds, influenza, bronchitis and grippe. Pepp contains absolutely no harmful drugs and is therefore the safest remedy for children.

FREE TRIAL. Send this coupon to the nearest article, write your name and address, and send it with five stamps, and you will receive a box of Pepp Tablets. A box of Pepp Tablets will then be sent you. All drug stores sell Pepp. No box.

Pepp

MAKES BREATHING EASY

Later on in the afternoon Mr. Adams addressed a meeting of the Peterboro branch of the Women's Canadian Club. This is the first meeting held by the club since its organization about four years ago. The meeting was well attended.

CHIEF MEETING. A public meeting of citizens, and those interested in Consolidated Schools and rural education will be held in Queen's Coronation Hall on Tuesday, Nov. 18th at 8 p.m. W. I. Chisholm, M.A., and Richard Lees, M.A., will speak—13414.

Children Cry FOR FLETCHER'S CASTORIA

Make Your Dreams Come True

Pepp's parents dream of a bright future for their children.

They dream of the literary and musical education they are going to give their daughter, and of the high position she will take in the sphere of womanhood.

They dream of the education they are going to give their son, and vision him as a day as a clerk, a lawyer, a famous lawyer, an eminent physician, a prominent financier, or a captain of industry.

But to make these dreams come true

—or even partly true—requires foresight, planning and money.

To provide the money what plan so wise as to buy Victory Bonds for each child?

Thousands of parents bought Victory Bonds for their children in 1917 and 1918.

Surely you will be among the thousands of loving parents who will buy Victory Bonds for their children—this year?

Victory Bonds may be bought on instalments at such easy terms that every parent who so wishes may buy

Buy Victory Bonds For Your Children

Many arguments which Senators should not object, it is said.

SITUATION RE IMPORTATION OF LIQUOR **FIRST STEP TOWARDS CIVIL WAR IN FRANCE**

Ottawa, Nov. 9. — The bill to amend the Canada Temperance Act passed by the Commons yesterday.

act of peace. In the present, the legal situation is correct. It may be possible for Ono to import liquor for their use after the proclamation of peace and before action is taken by the Provincial Assembly under the new Dominican legislation. At the same time it never been definitely decided whether the prohibition is inoperative upon the proclamation of peace, and unless the order is repealed by the government here, the present case in the courts might be decided against the United States.

EGGS AT BELLEVILLE

Whether Sprayed or Brush-handled, and Brighten Interior.

The first considerations to this end are ventilation, light and cleanliness. These essential elements of sanitation should be attended to at least once a day. The animals may be cleaned conveniently once during the early morning before the cattle are housed for the winter. Effective ventilation is required to carry away the foul air and maintain constant and adequate ventilation. The space should be ample so that every corner of the interior may be flooded with light and sunshine, the source of health and destroyer of germs. Dirt and filth make productive breeding grounds for germs. Cleanliness gets rid of conditions which produce them and prevents their

boil with warm water, cover it during the process to retain the steam, strain the liquid through a fine sieve or strainer; add a peck of salt; tie in warm water, add three pounds of lard, stir in the mixture; add one-half pound of glue which has been previously dissolved over a slow fire and add five gallons of hot water to the mixture; stir well and let it stand for a few days, hanging it in a warm place; it should be put on hot, one pint of the mixture, properly applied will cover a square yard. There is nothing can compare with it for outside or inside work and it retains its brilliancy for many years. Distemper may be put in and made to last longer.

These figures should prove interesting to the Ontario live stock breeder. Reserves of food materials in the world are very low. Stock with which to increase these reserves is not up to normal numerically. Indications are that a good demand must continue for the finished product of the farm.

The Victory Loan Celebration Broken Up by Bobcaygeon Hope to Obtain Honor Flag-Victory Loan Meetings Held

I. W. W. Snipers Kill Paraders in Coast City.

Ex-Soldiers Hold Back Civilians Who Would Lynch Prisoners.

Centrals, Wash., Nov. 11.—Three former soldiers were killed and a number injured today by snipers, held to have been industrial workers of the world, who fired on an Armistice Day parade marching through the streets of the city.

Blood poured from the roofs of buildings as the parade reached Tower avenue, Centrals's main street, and Second avenue. Arthur E. McElreath fell dead, and William O. Grimm, attorney and former University of Michigan football star, and Ben Casanara, real estate man, suffered wounds from which they later died. All three were residents of Centrals. Four other men, including two severe wounds were given as friends and what.

The parade of veterans of the world broke up quickly, while the uniformed marchers made a dash to find the I. W. W. headquarters and round up all suspicious characters.

The service men soon stripped the hall of all furniture and documents and arrested six men. Three, thrown in jail, were guarded by the former soldiers to prevent their escape and at the same time to prevent them from lynching.

A mob, swelling the prisoners, was fought back by the overseas men, who stood guard at the jail to see that the I. W. W. did not make an effort to take the suspects away.

A quantity of arms and ammunition was seized when the mob rushed the I. W. W. headquarters, near which the shooting occurred, backed down the building front and threw in the street and burned all of the organization's literature and property which could be found. Prisoners secured the timber camps and searched feverishly among the town's 5,000 inhabitants for other radicals.

Threats of lynching were frequent. One was taken to a front door and preparations made to hang him, but he was rescued by officers.

PREPARING AGAINST BURGLARS

Many merchants are taking precaution this fall and winter to prevent burglary. Some have replaced worn-out locks and have bars on their windows. Others have placed burglar alarms. One merchant has taken so far as to purchase a little automatic revolver.

DO NOT BE NEEDLESSLY ALARMED

People are apt to become needlessly alarmed at the outbreaks of contagious diseases. Do not let anyone scare you. The present mild form of smallpox epidemic has so far shown no signs of being a fraction of one per cent, as serious as the flu plague of last fall.

Woodstock police arrested a Russian named H. Tarnovsky, on the accusation of Bradford, who was wearing a suit of jail clothes for underwear.

Three Former Soldiers Killed by I. W. W. Snipers-Suspects Arrested

Rural Districts 1st in Farmers' Road Plan

One of the chief planks in the United Farmers' platform is the policy to be adopted in the building of highways in Ontario. The clause which relates to this matter reads as follows:

"To substitute for the policy of expensive provincial highways, a policy of organized continuous road maintenance, and of making good roads for all, rather than high-grade roads for a few, the cost of road construction and maintenance of road construction and maintenance being equally distributed between city and country."

What Have Farmers Obtained? There is no one who will argue that farmers are not the beneficiaries of good roads. The farmers of Ontario, as likewise over the whole of the Dominion, are dependent, in fact, that improved roads are an absolute necessity. They realize the importance of well-maintained highways in marketing their produce, in facilitating an easy and quick access to the village store or blacksmith, in promoting social, educational and business intercourse with the surrounding communities.

FORT WILLIAM LOCOMOTIVE ENGINEER SELECTED BY LABOR AS MINISTER OF MINES

COLLEGIATE PUPILS MUST BE VACCINATED

Premier-Elect Drury Accepts Labor's Choice of Mr. Harry Mills.

Has Lived 26 Years in New Ontario - Will Endeavor to Increase Revenue.

Toronto, November 12.—Mr. Harry Mills, Labor leader for Fort William, was selected yesterday by the convention of Labor members and executive candidates as Labor's second Cabinet Minister. He is to be Minister of Mines. As soon as an act of legislation is passed creating this department from the portfolio of Lands, Forests and Mines, Mr. Mills will take his place in the Cabinet.

The Labor conference was satisfied with the exception of Mayor M. J. MacBride of Bradford, and Mr. R. Drury, with the decision of Mr. E. C. Drury to create the new position of Minister of Mines. Mr. Walter Rolfe, the leader of the Labor group, spent yesterday morning with Mr. Mills.

The Cabinet position of Minister of Mines has been offered to us and we have recommended that it be filled by Mr. Harry Mills of Fort William. His choice was unanimous," said Mr. Rolfe after the meeting.

Holds Public Post. Mr. Mills has been a member of the Brotherhood of Locomotive Engineers for many years and is, now chief of division 245. He was a member of the Board of Education in Fort William for seven years and chairman of the board for three years.

The position which Mr. Mills is expected to fill will probably be one of the revenue-reducing departments of the government. It is expected that some of the revenue for other welfare schemes which Labor has been demanding for years will be found in adding Mr. Mills' hopes to be able to alleviate some of the conditions against which the thousands of miners in Northern Ontario have fought for years. Mr. Mills has lived in Northern Ontario for seven years and is thoroughly acquainted with the mining districts.

The Prince of Wales' last net in Canada was to visit on his way to the train that carried him to the United States, a wounded soldier, Capt. Leonard P. Akshitt.

On the last lap of the Victory Loan don't let this section fall in its objective for the want of your subscription.

Provincial highways, a name something to do with the Provincial Highway mentioned above. This is the main thoroughfare through a county, connecting its towns and cities. As to the wearing surface, no definite type of material has been decided upon, but will entirely depend on the amount of traffic which will warrant and the nature of the community served.

It is at this juncture that the United Farmers are of a different opinion. In conversation with a representative farmer who will have more to say in framing the road-building scheme in this province in the future, he stated that the attitude of the farmers was not entirely against the construction of trunk roads, but their policy was to reserve the money on country roads and then using the surplus as "country highway."

Building of the Provincial Highway system from the east to west across the Province requires the largest grant from the province, as the main traffic of

Ontario will naturally concentrate on this highway. This road is being substantially constructed and large sums have been spent on it yearly in order to do the work and to carry all time. Grades have been naturally reduced, curves eliminated, and ditching and adequate drainage provided. As to the wearing surface, no definite type of material has been decided upon, but will entirely depend on the amount of traffic which will warrant and the nature of the community served.

As to the wearing surface, no definite type of material has been decided upon, but will entirely depend on the amount of traffic which will warrant and the nature of the community served.

It is at this juncture that the United Farmers are of a different opinion. In conversation with a representative farmer who will have more to say in framing the road-building scheme in this province in the future, he stated that the attitude of the farmers was not entirely against the construction of trunk roads, but their policy was to reserve the money on country roads and then using the surplus as "country highway."

Building of the Provincial Highway system from the east to west across the Province requires the largest grant from the province, as the main traffic of

Ontario will naturally concentrate on this highway. This road is being substantially constructed and large sums have been spent on it yearly in order to do the work and to carry all time. Grades have been naturally reduced, curves eliminated, and ditching and adequate drainage provided. As to the wearing surface, no definite type of material has been decided upon, but will entirely depend on the amount of traffic which will warrant and the nature of the community served.

Bobcaygeon Hope to Obtain Honor Flag-Victory Loan Meetings Held

Bobcaygeon was one of the busiest of places at night with two church socials, a Veterans' dance and a Victory Loan meeting. However, the good people of the village say that this is one of the liveliest spots under the sun. Apparently every function was well patronized, and those from Lindsay who visited the metropolis of Verulam for the purpose of creating new interest in the Victory Loan, report that every function was well attended.

The Victory Loan meeting was held in the Town Hall, which was filled to the doors with a very attentive and appreciative audience. Some of the audience meeting were Adam Brock, Reeve of the village, occupied the chair, and was referred to the stability of the loan.

Mr. Ward, Publicity Organizer, was present and presented three good moving pictures, which were interesting as well as educative.

Mr. W. J. Ferguson, Publicity Officer, was the first speaker and covered the ground thoroughly and well. He referred to the fact that it was Armistice Day, and a most fitting occasion for the commemoration and celebration of the glorious victory achieved by the boys overseas, and an appropriate time to buy Victory Bonds. He also mentioned that money which was being raised in Canada would be expended by the Government in Canada, and that many were buying bonds for business reasons, and not alone for patriotic reasons. They were, they were better than mortgages.

He went on to hear that the Village of Bobcaygeon was in the forefront and hoped to be able to visit Bobcaygeon at the Victory Loan, to present an honor flag and a crest.

During the evening the following musical selections were rendered: Orchestra number by Mrs. Devitt, Mrs. G. Devitt, Miss H. Strickland, Mr. C. H. Clark, and Miss Edna Duns. Miss Clark and Miss McQuade; also by Ford W. Moyne, of Lindsay.

At the conclusion of the Victory Loan meeting the gentlemen from Lindsay were invited to repeat their pledge at the Freeholders' church, where a peace social evening was being held. Rev. Mr. Drum occupied the chair, while the program was in charge of Mrs. Martin. Besides the moving pictures the program included recitations, songs, and other things which light refreshments were partaken of.

Dr. — public school teachers are asking for a \$400 bonus until the cost of living becomes normal.

Miss M. McMillan, who was attached to St. Michael's Hospital for about four years, and is a native of Port Hope, has been appointed matron of Rockwood Hospital, Kingston.

Let the slogan of the last days of the campaign be "Clean up Lindsay."

The most you can scrape together is the least you can afford to subscribe to the Victory Loan.

Lindsay Goes Over the Top—Passed Objective in Victory Loan Campaign

Smallpox Cases are a Mild Type

One Additional Case is Reported To-Day - Doctors are Busy.

Dr. McAlpine, M.D., reports that there is no cause for real alarm, in connection with the outbreak of smallpox in Lindsay, and if the public generally accede to the request of the Board of Health and the Town Council to get vaccinated, the danger will be materially lessened.

One additional case is reported this morning, that of a young girl residing in Bond-st.

It is expected that a meeting of the Town Council will be held for this evening or Thursday morning on the arrival home of Mayor McEwen, who is absent for a few days.

In the meantime the doctors are busy vaccinating, and the inspector is also kept busy.

Holmes, Arr. Nov. 11.—Circuit Judge Jackson today returned to Lindsay after his trip to the United States, where he was on a tour of inspection.

Principal Kirkwood issued a proclamation Tuesday afternoon to the High School pupils that all must be vaccinated before November 15th.

Some citizens are of the opinion that the Town Council should establish a central place where vaccinations could be made. This would avoid overcrowding at the doctor's office.

ONLY THREE DAYS MORE

Saturday, November 15, is the closing day of the Victory Loan campaign. There are still many Canadians who have neglected to become possessors of Victory Bonds.

They are grateful for victory, which crowned the valiant efforts of Canadian arms. They have shared in the good times which have been the good fortune of Canadians in the period following the war. They wish prosperity to continue; but they have omitted to do their part in insuring that there will be no interruption of the good times in any day to come.

They should not be another day pass—another hour—without discharging their debt to the soldiers who died that they might live, to the warriors who are being restored to civil life.

Let the slogan of the last days of the campaign be "Clean up Lindsay."

FOR CABINET

(From The Toronto Sunday World.) It is assumed on all sides that Mr. C. D. Fry has completed an election. The premier-elect in his own guard against premature disclosures of the alignment of his personnel, of the necessity of the cabinet is of necessity knowledge that he must share with others.

A Kingston dispatch credits William Foster Nickle, K.C., with the following answer to the question whether he had accepted the appointment of generalship of Ontario: "That it was impossible to discuss the matter at the present time."

Laymen can be depended upon to discover perfectly safe ways of making admissions, and Mr. Nickle's answer looks like a carefully phrased admission of the soft impression.

There is still doubt about the minister of education, but with this doubt in mind, The World offers the following forecast of the new cabinet:

President of the cabinet and premier: C. D. Fry.

Attorney-general: William F. Nickle, K.C.

Minister of the province: Peter Smith, South Perth.

Provincial secretary: H. C. Nixon, North Brant.

Minister of education: George H. Locke, Toronto, or H. H. Grant, Carleton Place.

Minister of agriculture: Manning Doherty.

Minister of public works: F. C. Higgins, Northwich.

Minister of lands, forests and mines: Beniah Downham, Manitowish.

Minister of labor: W. H. Rolfe, Hamilton.

Without portfolio: Lieut.-Col. Carmichael.

Peter Smith of South Perth, has had much experience in municipal finance to qualify him, and has a personality that is in itself an efficient recommendation.

Mr. Rolfe, who has held various official qualifications and an efficient conduct the public works department, and Mr. Grant, of Carleton Place, to take over the education department of another Locke, interchange of two other portfolios might follow.

On something like this personnel there would be seven members of the Farmers' party and one Labor man in the cabinet, and the balance of the by-elections that will have to be held the government and labor members would have a clear majority of two.

On the almost certainty that Mr. Fry will have a new cabinet, the prime time this week, and the Farmers' party undertake the government of the province.

It is necessary to call an immediate meeting of the legislature in order to make certain amendments to the act that set that the members of the legislature be elected by members-elect who are willing to make way for the premier and some of his cabinet.

The vacancies thus created be filled. At least three and probably five seats may thus be opened.

Mr. Fry could fairly be said to be Hartley Dewart and the Conservatives, with the Liberal leader's support, to constitute a majority to consent to such legislation going through at an emergency meeting of the legislature, to be called at the earliest possible date. If this legislation is given, the house could then adjourn for thirty days, or whatever time might be necessary to hold the elections over, and permit all the members of the new government, as it may be announced this week, to take their seats and prepare for adjournment to be submitted at an adjourned session early in the new year.

In regard to above forecast of the cabinet, Mr. Dewart said on Wednesday that his announcement on the cabinet would likely be made on Wednesday. Add he added that he had been asked by Mr. Dewart, in the minister of agriculture, and Mr. Dewart to have the department of lands, forests and mines, and that he had accepted.

The World believes that all the other names in the above forecast have practically accepted.

Fire that started in a closet where the family candles were burning at Holy Trinity Polish Catholic church, Windsor, to the extent of \$250.

The four-year-old daughter of J. Purshian, farmer of Garman township, about ten miles from Port Arthur, was burned to death in a fire that destroyed his house.

When a woman drops a hint it sounds like a sledge-hammer through an officer's factory.

Woodstock Board of Health has ordered compulsory vaccination for school children.

ELECTION REFERENCE COST OF DEBITION

This Debt Entry to Face the U.F.O. Government.

One Big Item Before the New Administration.

One of the first duties of the Provincial Treasurer—whatever he may be—in the Fry government will be to make an entry on the debit side of his ledger.

Item one, general election and referendum vote, \$1,500,000.

The figure is an approximate, but is believed to be fairly near the total cost of the recent election. Accounts from the returning officers through out the Province are now being received by the auditor of criminal justice.

The cost of the enumeration in August last is estimated at from \$100,000 to \$150,000. The \$140,000 is made up in salaries and the remaining in printing and other expenses.

The election expenses are difficult to estimate. There were approximately \$6,000 polling places throughout the Province. The rent of a polling place is \$2, while the day returning officer is paid \$5, two poll clerks, \$4 each, and a constable \$3. The salaries are 40 per cent higher than those paid in the past.

The increase being made in consideration of the fact that the government is making of the referendum vote.

In addition to the above expense the chief returning officers in each of the 11 electoral districts, receive remuneration, which varies according to the number of polling-subdivisions in each district. The remuneration of the returning officers' account, including all expenses, may average anywhere from \$250 to \$1,000. The large increase in the cost of the referendum vote is due to the fact that the addition of women's names, renders it difficult to gauge conditions. This election was the first to be held under the system of enumeration.

HYMENEAL

Webb-Henderson.

A very quiet wedding was solemnized at the residence of Mr. Webb-Henderson, on November 13, 1919, at 185 Argyle-st., Toronto, an October 5th, when Mr. Webb-Henderson, son of Mr. Webb-Henderson, and Miss Webb-Henderson, daughter of Mr. Webb-Henderson, were united in marriage.

The bride was attended by her bridesmaids, and the groom's gift was a beautiful pendant set with pearls. The bride wore a gown of white tulle, and the groom's gift was a beautiful pendant set with pearls.

BUILDING NEW NATIONS

CENTRAL EUROPE WILL NOT BE "BALKANIZED."

Small Nations Liberated and Created by the Great War Must Be Given Strong Support Until Fully Organized and They Will Then Prove Effective Barriers Against German Invasion If It Comes Again.

SINCE the fall of Bela Kun's government in Hungary, there has been a possibility of creating a new state in the Balkans, and the Central European states, which have arisen out of the ruins of the Austro-Hungarian monarchy. There are some short-sighted politicians who consider the present political structure of Central Europe as being "Balkanized," under which term they understand a permanent danger to peace. Their reasoning may be summed up as follows:

In the place of Austria-Hungary, there is a possibility of creating a new state, a coherent economic entity, a number of small antagonistic states, which, by their very existence, will endanger the future peace of Europe. Therefore, something resembling the former dual monarchy must be created.

Setting aside the total possibility of reconstituting any such state, the former Austria-Hungary, let us see whether Central Europe, in its present state, is a danger to the future peace of Europe. This was the case with the old Austria-Hungary. First of all, there is the fact that the Central European states are not united. They are not united in the old sense of the term. The creation of the national states by it, has not been a success. On the contrary, the revival of old national units, such as Poland, Czechoslovakia, and the accomplishment of the national unity of the Balkan states, like Rumania and Jugoslavia, has not been a success.

The Central European states, have not been united. They are not united in the old sense of the term. The creation of the national states by it, has not been a success. On the contrary, the revival of old national units, such as Poland, Czechoslovakia, and the accomplishment of the national unity of the Balkan states, like Rumania and Jugoslavia, has not been a success.

The Central European states, have not been united. They are not united in the old sense of the term. The creation of the national states by it, has not been a success. HORSE RACE FROM PETERBORO TO PORT HOPE

Examiner: Local horsemen might be a little surprised to learn that on February 19, 1911, a horse race was held from Port Hope to Peterboro and return. There were three starters from Port Hope, W. Mackie's "Dolly Varden," D. Scott's "Tom" and Jas. Eakin's "Cattle Hunter." At 9 a.m. they reached Peterboro, and Peterboro at 11:10 a.m. All three horses were abreast.

Returning they left Peterboro at 11:21 a.m. and reached Port Hope at 1:55 p.m., making the round trip in 2 1/2 hours and 51 minutes.

W. HOUSE IS MEMBER OF RISK COMPANY

Two gentlemen well known in Lindsay are members of the Trenton Area Company, which will start immediately on the construction of a new skating and hockey arena, named by Mr. W. House, formerly of Lindsay, and Capt. (Rev.) Clarke, a Methodist clergyman, who has presided in Lindsay on disaster occasions. The arena will be one of the finest in Eastern Ontario.

As a suggestion to those who contemplated building a rink in Lindsay, it might be mentioned that the material to be used in building the new rink at Trenton will be secured from the aviation camp at Deerpont.

Cold Winter Predicted in Manitoba

The Pas, Man., Nov. 11.—Large packs of wolves are roving through the north in search of the caribou herds, say incoming trappers. Though not ravens, the packs follow dog trails for a long distance without seriously mauling the teams. At Herby Lake, a pack of thirty-five was seen on the trail of moose, and trappers gave chase and got seven of them at Split Lake. The Indians report that they have killed sixty of them on the outskirts of The Pas. Small packs of eight to fifteen have been seen. The Indians and old-timer trappers believe that the presence of so many wolves close to the settlement indicates a long and bitter cold winter in the north for the first time since 1915. Parasitism is seen about The Pas, and this is accepted as a sign of extremely cold weather. The thermometer in 1915 went down to 54 degrees below zero and the weather throughout the winter was severe.

CANADA HAS NO INTENTION OF COMMANDERING WHEAT

Winnipeg, Man., Nov. 11.—In an interview today, Sir George Foster indicated that the rumor that wheat was to be commandeered, which has disturbed some of the grain interests, was absolutely groundless. Sir George expressed himself as perfectly satisfied with the work of the Wheat Board in marketing Canadian wheat and spoke optimistically of the results that would accrue to the farmer as a result of the pooling arrangement which had been decided upon. He reiterated that the policy of the government was not a permanent one.

ITEMS OF INTEREST

Thieves robbed Bridgeport post office of an unknown amount in cash from registered and general letters. The earliest blizzard in fourteen years struck Winnipeg and the West Sunday, and was worse than any last year.

Toronto Physician Tells of After Treatment—The Care of the Arm

Dr. Hastings, of Toronto, has injected a vaccine on the arm of vaccination, which he declares demands skill in performance and care in after-treatment. "The operation, if properly performed," he said, "should not cause the smallest child to shed a single tear. The dull needle used should not draw blood. For treatment of the wound he advises:

AFTER-TREATMENT.

- 1.—All injury to the vaccinated arm should be avoided.
- 2.—Any covering that is tight is to be avoided.
- 3.—Daily washing of the skin may be continued, so long as the crust does not break. Do not apply any ointment to soften the crust.
- 4.—Every exert should be made to prevent the crust cracking.
- 5.—If the vesicle should break or crust does not break, and the wound thus becomes open, daily moist dressings with some antiseptic, such as mercurochrome or dilute iodine (one part tincture of iodine in nine parts of water) should be applied. Under no circumstances should any dressing be allowed to remain on, a vaccination wound longer than twenty-four hours, and no dressing should be applied so long as the crust remains intact.
- 6.—If the vaccination wound is not apparently progressing in a proper manner, report back to the vaccination centre.

Elias Kerison was fatally and Wm Macdonnell seriously hurt when an elevator fell in the Quaker Oats Co. factory at Peterboro, broke Circuit Judge Jackson yesterday sentenced eleven persons to the electric chair at Helena, Arkansas. The telegraph companies' application for leave to increase their rates 25 per cent came before the Board of Railway Commissioners.

PERSONALS

—Dr. Mills, of Fenelon Falls, spent Tuesday afternoon and evening in town with friends.

—Mrs. P. L. Nesbitt and C. Palford, of the C.A.D.C., Peterboro, motored to town Tuesday and were guests of Mrs. (C.) Nesbitt.

—Messrs. T. Murrigh, F. Powers, Murphy, M. Dwyer and W. McFadden motored to Robertson last night to attend the G. W. V. A. dance which was held in the Rockland House.

—Mrs. Elvidge, Regent-st., wife of Principal Elvidge of Alexander School, held a reception Tuesday at Fenelon, which was attended by a large number of ladies. The house was suitably decorated for the occasion.

—Friends of Mr. J. J. McMahon, Grand Trunk engineer, will regret to hear that he suffered a slight stroke last night and will be confined to his home for some time. His friends wish him a speedy and ultimate recovery.

Alderman At Peterboro Would Tax Women

Peterboro, November 12.—Notice of a motion to the effect that all women of twenty-one years and over be required to pay the poll tax was given by Ald. Crowe at last night's council meeting. Lacking enlightening comment it is not evident whether the Ald. Crowe would indirectly encourage matrimony or whether this is proposed as a price of the franchise into the full enjoyment of which women were admitted at the recent elections.

Veterans Start Co-Operative Store

Charlton, Nov. 11.—At the meeting of the Great War Veterans' Association it was decided to open a co-operative store in Charlton, providing a sufficient number of veterans will take stock in the new venture. It was also decided to make one more appeal to the city council to refund the taxes up to \$1,000 of their assessment. The former application to this effect were turned down by the council.

WILLIAM WATSON,
Clerk of Linton, Ontario and Longford (dated November 12th 1919).

TONIC TREATMENT FOR THE NERVES

Neuralgia and Other Nerve Disorders Cured Through the Blood

In many severe nervous disorders the best remedy is often a tonic. The most active tonic treatment is recommended by the highest medical authority to attack the progress of such disease. Dr. Williams' Pink Pills are a tonic that acts on the nerves through the blood, which carries to the nerves the elements needed to build them up and restore them to a normal condition.

Neuralgia, vertigo, nervous headaches, and a number of more severe nervous troubles are properly treated by building up the blood with Dr. Williams' Pink Pills and are often entirely cured in this way. If you are nervous you can help yourself by refusing to worry, by taking proper rest and sleep, by avoiding excesses and by taking out-of-door exercise. For medicine take Dr. Williams' Pink Pills and you will soon notice the beneficial effect of this tonic in every part of the system. Miss Annie L. Johnston, R. R. No. 1, Listowel, Ont., is one of the numerous sufferers who has found a cure through Dr. Williams' Pink Pills. Miss Johnston says: "For a long time I was a severe sufferer from nervous troubles, with the result that I grew very pale and weak. Medical treatment did not help me, and various medicines had no beneficial effect, until finally a friend advised me to try Dr. Williams' Pink Pills. I began their use and took the pills regularly for several months, with the result that I am not only gained in weight, but have recovered my full health and strength. I cannot praise Dr. Williams' Pink Pills too highly for what they have done for me."

To build up the blood there is one remedy that has been a household word for generations. Dr. Williams' Pink Pills for Pale People. They take up the entire system, make the blood rich and red, strengthen the nerves, increase the appetite, put color in the cheeks, and lips and drive away that unsightly, tired feeling. Plenty of sunlight, good wholesome food and fresh air will do the rest. You can get Dr. Williams' Pink Pills by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

PETERBORO WHICH KIDNAPED IN ELEVATOR

Elevator Belt Gave Way
—Dead Man Hurled
Three Stories.

Had Just Completed His
Day's Work.

Examined: Elias Kertson, Driscoll Terrace was fatally injured, and William Macdonald, 211, Rabbits' St., seriously hurt yesterday, at 6 o'clock, when the belt on one of the main elevators of the Quebec Cement Company's plant broke, hurling the occupants down several stories.

Kertson and Macdonald, the former a sweeper and the latter employed in the corn oil department, had stopped on the elevator at the store on a concrete floor, having finished the day's work, when without the slightest warning, the belt gave way. Kertson was hurled three stories and Macdonald, two.

Constable's ambulance was called and Elias Kertson, who was injured, was rushed to St. Joseph's Hospital, where Dr. Frank McNulty and J. G. S. Cameron, attended to his injuries. It was found, however, that Kertson, who had sustained a fractured skull and internal injuries, was injured beyond any hope of recovery, and he died at 1 o'clock this morning. Macdonald, who was injured from a contusion of the head and a shock, will possibly recover.

Women Will Have Vote — New Lists Required

Windsor, November 11.—Women vote as well as men will exercise their franchise in all provinces, which any province may ask under the terms of the Prohibition Act, which will be put into effect by the parliament and become law.

It is for the provinces, through their legislatures, to ask for the prohibition on the question of banning import and manufacture, save for export of intoxicating beverages. The women will be able to vote, which the lists to be used will be Federal lists, and they will need to be specially emancipated, considering the fact that while all women over 21, with qualifications as to nationality, are now enfranchised, the lists used in 1917 contained only such women as were relatives of soldiers. New ones will need to be prepared. All women will be able to vote. No option to distinguish between them and men is conferred on the province, the plebiscite, like all votes under the Canada Temperance Act, being a Federal affair.

Queen's Alma Mater Society has caused a report recommending reduction of school functions at the college.

Contracts for two steel steamers of 8,840 tons each have been awarded to the Wallace shipyard, Vancouver.

Say It With Flowers FOR ALL FUNCTIONS C. HUGHAN, Floralist Phone 286

ENTRANCE COURSES ARE ANNOUNCED

Canada's Part in the
War to be Emphasized
in History Study.

A statement of the courses in history, geography, grammar and arithmetic which will be the basis of the Junior High School entrance examination next year was issued by Hon. C. D. Coffey, the Canadian history course, for the Junior grade of four to six divisions, the last two of which are new. "Canada's Part in the Great War" and "Civics: the Rights and Duties of Citizenship."

From this point the Minister argues on the teachers the importance of inculcating patriotism and emphasizing the extent, power, and responsibilities of the British Empire, its contribution to the highest form of civilization, and the increasing importance of the British Empire in the world.

The requirements of the entrance examination in geography will call for a less detailed study than hitherto of physical geography, and will emphasize simple phenomena and their general effects rather than exact scientific explanations. The geography of the British Empire will be placed on an important feature in the curriculum of correct speech to the position in arithmetic the teachers are advised to discontinue the laborious drill upon mechanical exercises and use our own examples of which are of practical value.

T. J. McLaughlin of Canada was pronounced at 5 o'clock.

THIS NOVEMBER AND A YEAR AGO

Canadian Corps Fighting
Gallantly on the
Somme November,
1918.

Hard Then to Get Leave

Subscription Began to
Have Effect in Sept.
October and November
Last Year.

In the month of November, 1918, the Canadian Corps was fighting gallantly in the Battle of the Somme. The Canadians in this battle had not yet been heavily defeated. New divisions were still coming out. But reserves were by no means superabundant. To a large extent, judging from the firing line, they seemed to be a matter of balance. They could be obtained, but not without a bother. The volunteer system was still having tolerable results.

In the matter of soldiers' leave at that period, however, it was a very different story. It is doubtful if any body of troops were ever put through a harder mill of discipline than the same corps in 1918-17. In the second division for one instance, the majority of the original members waited from fifteen to twenty-four months for their first leave from the firing line.

The knowledge that French soldiers were returning home every few months—the feeling that even in British Tommy, who even frequent furlough than the French, could still rest by their own fireside as a soldier in the Dominion of Canada was fighting against conscription.

By November, 1917, the original second division, at the firing line since September, 1915, and January 1916, had obtained leave to either Great Britain or Paris. The corps was then in the throes of the gigantic duel of Passchendaele. No tremendous were the casualties in this engagement that it was impossible to replace them. The infantry was thinned out. In the artillery, where casualties were generally less wholesale, over 100 casualties out of some 150 or 170 officers was the common average.

The casualties were reduced to a large extent with members of the Canadian Casualty Reserve Corps. These men could not be sent into the firing line for one month after arrival in any way. The result of this can be plainly imagined.

"No, I don't need anything today," Nurse Jane answered. "But if you could manage to stop in at the eight-and-a-half-cent store, and bring home something for Sammie Littlebit, I know he'd like it."

"Why, what's the matter with my little rabbit nephew?" asked the young gentleman. "Why should he want something from the eight-and-a-half-cent store?"

"Precious Sammie" is home from school with the toothache," answered Nurse Jane. "I was just over to his house, and his mother doesn't know what to do to keep Sammie amused. His toothache is the jumping jack all over the place."

"Did you have Dr. Pussim," asked Uncle Wiggly.

"Yes, but he says it will be all day before the ache stops, and meanwhile Sammie wants to be amused. If he had something to play with he would not think so much of his tooth."

Uncle Wiggly started to hop along very fast.

1897 : Sutcliffe & Sons : Department Store : Lindsay 1919

You Can't Save From Our Fine Varieties

That's all we ask—that you come and see our choice display of pleasing and popular price styles in women's wear. Our success is largely attributed to our persistent efforts to secure only that which is true to style, of guaranteed quality, and to price that all may share.

Of soft, sheer and lovely as Georgette, the collar, cuffs, and front of a second blouse show beautiful drawn work and are edged with fine Val... \$6.00 and \$6.75

Department J. Sutcliffe & Sons Kent Street, Lindsay.

UNCLE WIGGLY AND THE WOODEN MAN

"I'm going to the ten-and-ten-cent store, as fast as I can jump," was the answer. "I'm going to get Sammie something to play with. I'm not going to bother looking for an adventure today. Sammie is more important than an adventure."

It did not take Uncle Wiggly long to get to the twelve-and-thirteen-cent store, and there he saw many things which might amuse a rabbit boy with the toothache.

Uncle Wiggly had not quite made up his mind whether to get a spinning top painted red, green and yellow, or a jumping jack with a little mouse when a little mouse girl, who was working behind one of the counters, said:

"Here is something very nice for a little boy or girl."

"What is it?" asked Uncle Wiggly.

"This," and the little mouse girl clery held up a box of what seemed to be round and square and three-cornered bits of wood.

"Oh, thank you, little mouse girl," said the bunny with a smile that just made his ears wobble. "But Sammie, the rabbit boy, who has the toothache, is too big to play with 'spinning blocks' that are only for babies."

"These aren't building blocks for babies," said the mouse girl.

"What are they, then?" asked Uncle Wiggly.

"This is a wooden man," answered the mouse girl. "It's a little wooden man."

"He doesn't look like one," spoke the bunny, as he saw the jumbled bits of wood in the box.

"Oh, but he is, just the same," went on the little mouse girl. "See this round piece of wood in his head. These long, thin pieces are his legs. Here are other pieces for his hands and arms. See how I can

put them together."

Quickly she fitted the pieces of wood together. There were holes bored in the different blocks, and pegs to go in the holes, so that, in a little while she had put together and stood up on the counter, a regular wooden man, like some funny doll. And the wooden man could move his head and his legs and his arms—that is, he could when the mouse girl, or Uncle Wiggly helped him.

"That will be fine for Sammie," said Uncle Wiggly. "I'll take him the wooden man that he can take apart and put together again."

"So the mouse girl took apart the pieces that made the wooden man, she put them in a box and Uncle Wiggly started for Sammie's house with them.

The rabbit gentleman, had not gone far through the woods before all of a sudden, he heard a barking and snarling noise in the bushes and out popped the bad old fox.

"Hello," said the fox.

"Hello!" answered Uncle Wiggly. "You didn't expect to see me, did you?" asked the fox.

"No, I did not," answered old Sammie.

"But here I am!" went on the fox. "And here you are! Now you'll have to come with me. I'm going to take you off to my den and then—"

"Hello! What's in that box?" he asked, seeing one under the old bunny's paw.

"There's a wooden man in the box," said Uncle Wiggly.

"A wooden man! I'm tick! No mouse! It couldn't be!" snarled the fox.

Uncle Wiggly opened the box. He took out the wooden man's head, the wooden man's legs, his arms, his hands and his feet. Uncle Wiggly put the wooden man together from his head to his feet.

"There's a wooden man!" cried the fox. "There's a wooden man! I'm tick! No mouse! It couldn't be!" snarled the fox.

Uncle Wiggly opened the box. He took out the wooden man's head, the wooden man's legs, his arms, his hands and his feet. Uncle Wiggly put the wooden man together from his head to his feet.

"There's a wooden man!" cried the fox. "There's a wooden man! I'm tick! No mouse! It couldn't be!" snarled the fox.

Uncle Wiggly opened the box. He took out the wooden man's head, the wooden man's legs, his arms, his hands and his feet. Uncle Wiggly put the wooden man together from his head to his feet.

"There's a wooden man!" cried the fox. "There's a wooden man! I'm tick! No mouse! It couldn't be!" snarled the fox.

Uncle Wiggly opened the box. He took out the wooden man's head, the wooden man's legs, his arms, his hands and his feet. Uncle Wiggly put the wooden man together from his head to his feet.

"There's a wooden man!" cried the fox. "There's a wooden man! I'm tick! No mouse! It couldn't be!" snarled the fox.

W. F. NICKLE REFUSES A PORTFOLIO

W. E. Raney, K.C., of Toronto, Will Be Attorney-General.

Nickle's Refusal a Disappointment to Mr. Drury.

Toronto, November 14.—W. F. Nickle, K.C., of Kingston, has turned down the Attorney-Generalship and W. E. Raney, K.C., of Toronto, has been selected in his place, according to Premier E. C. Drury.

"It is a very great disappointment to me," said Mr. Drury.

Mr. Nickle last night, and he told me that for business reasons he was unable to accept the portfolio.

Mr. Drury was not at his office all morning. Prospective cabinet ministers hovered around the mysterious "room 22." Manning, Do-culture, left early and was soon followed by Benoit Bowman, next Minister of Lands. Shortly after noon Mr. Drury appeared and met R. H. Grant, who will be Minister of Education. Harry Mills, coming Minister of Mines, and F. C. Biggs, who is to have the Works portfolio.

DRURY BREAKS THE NEWS. Mr. Drury broke the news to Mr. Nickle after working hard until late last night, he told them. "Mr. Nickle has refused the appointment and W. E. Raney will be the Attorney-General. It is very unfortunate," he added, referring, of course, to Nickle's refusal.

An Explanation

There is a report in circulation that we, the producers have increased the price of milk 2 cents per quart to the dealers. We wish to emphatically deny any such action so far as the Producers' Association is concerned. We had no meeting previous to the date on which the dealers increased their prices. We wish to state, however, that we had a meeting on November 18th and fixed the price at 14 cents at the door or 9 cents delivered to the dealer. Owing to the price of fodder our present profit is less than it was one year ago.

S. E. ENDCOTT, Sec.-Treasurer.

BEAVERTON LASSIE WROTE THE PRINCE

Miss Hazel Glasford, of Beaverton, aged 10, would like to see H. R. H. of the Prince of Wales also the Prince to see her beautiful home town. She therefore takes the usual course in such matters, and writes him to that effect, with the following result:

"The Private Secretary to The Prince of Wales is desired to thank Miss Glasford for her kind letter of the 7th inst., and to express his regret that the time now at his disposal in Canada does not permit him to pay a visit to Beaverton."

Letter dated Nov. 7th, Ottawa.

British Children To Play With Canadian Toys

London, Nov. 13.—British children will play with Canadian toys this Christmas. An order for £1,500 worth of unbreakable dolls has been placed by Harrold's, one of London's largest department stores, with a Toronto firm. Other stores were also being stocked. Canadian toys. Your correspondent explained in several quarters and has assured no German toys had been bought for this year's gift season.

ASK ONE DOLLAR A DOZEN FOR EGGS

Hamilton, Nov. 13.—The farmers' wives on this side of the market, when asked the price of eggs today, said 11 per dozen. What is more, they predicted that the price would go much higher before the winter is over because of the high cost of feed, especially wheat.

Mr. Robert Denton, of Toronto, having purchased the part of the Beehive farm west of Hawke's Creek near Red Rock, has commenced gathering material on the ground for a fine residence.

Our city council has decided to hold its municipal elections on New Year's Day.

Many Put Trust in The Unknown

Never Satisfied With Those Things With Which They Are Familiar.

Inclined to Take Chances

Curious Traits in Human Nature Have Made Possible Growth and Development of the Great Mail Order Houses

(Copyright.)

A curious trait in human nature makes itself apparent very frequently. That is an inclination to trust in the unknown rather than in the things which are familiar. A person is very apt to take a chance, even though he may know that the odds are 100 to one against him, instead of being satisfied with the odds which he might easily gain by blindly pursuing that which is always just out of his reach.

It is possibly the flaring up of the over-present gambling instinct, but there is something more in it than that. There is in it the unexplained tendency on the part of most people which is bent at hand. Man is seldom satisfied with those things which are within his grasp but which he might easily gain by blindly pursuing that which is always just out of his reach.

Why "Cot" Man Thieves. Copied in a way, with his faith in the unknown is the tendency on the part of many people to place confidence in a stranger in preference to one who is known and has been tried and proven. It is this tendency which makes possible the operations of the mail order business.

Question of Consolidated Schools Was Discussed at Omeme

MEETING LAST NIGHT WAS ADDRESSED BY MESSRS. LEES AND CHISHOLM

Have Proved a Success Wherever Tried—A Committee Appointed.

That the question of Consolidated Schools is a live one was emphatically brought home to a representative gathering at a meeting held in Corporation Hall, Omeme, last night. The meeting was addressed by Richard Lees, M. A., of Peterboro, and W. J. Chisholm, M. A., of Toronto, chief assistant to the Provincial Inspector of Public Schools for the Province of Ontario. The meeting was presided over by Rev. Mr. Scott, who filled the position in a most pleasing and capable manner.

Like every other progressive movement, the present one does not exist without a cause. It has not grown out of a facile imagination of dreamers or theorists. Those who are best qualified to speak on the subject agree that the proper solution of the rural school problem lies in a move in the direction of the Consolidated School. It is not possible for the rural school teacher to do justice to the people in a school with a small attendance. The proper competitive spirit which is so necessary in the school's life cannot be developed in a school with an average attendance of ten or twelve. One of the speakers pointed out that there were five hundred schools in rural districts in Ontario with an average attendance of six. It was also pointed out that in the consolidated schools many practical subjects such as manual training, domestic science, etc., could be effectively taught. Again pupils were given the advantage of taking High School work at considerably less expense than if they were obliged to leave home to secure this training.

Mr. Richard Lees
Mr. Lees is a Public School Inspector in Peterboro County, and a man who has given considerable thought to the whole problem of rural education. "We must have a thorough education to make the world safe for democracy," he said. The speaker. Consolidated schools are no longer an experiment. Mr. Lees made a special visit to the state of Indiana and Illinois to see the schools in operation and was highly pleased with the results. So pleased was he that he and his wife took the time to go back to the old system. In one township where there had been twenty-two rural schools, he found two modern Consolidated Schools doing the work efficiently and well. The average attendance was ninety-eight per cent. and only once in four years in the case of one school had one of the transportation vans been late. The pupils were brought from a distance

of from four to six miles and were always comfortable. The speaker showed a number of interesting pictures on the screen indicating the various stages of work carried out, and the ideal conditions existing.

Mr. Chisholm
The speaker was glad to see so many ladies present, and explained that in 1911 ladies were eligible for the school trustee boards. "The theory stage has passed so far as consolidated schools are concerned," said Mr. Chisholm. The first consolidated school has been in existence for more than forty years. They are now in existence in 121 halves of the continent and in no case would the ratepayers return to the old system. He felt that what was good for only one community was good for only one. Canada has shown by her work during the war that there is no more impossible for her to do in Manitoba the schools were started in 1906. Since Dr. Cody had announced the plan for Ontario schools have been consolidated at Mallorytown in Leeds County, and one in Northern Ontario. Conditions are changing in most localities and we must be alive and ready to meet the new situation. The Consolidated School develops the proper community spirit under ideal conditions. He pointed out that in the vicinity of Omeme there were three or four schools with a small average attendance, that might join with the village school. Three teachers instead of five could handle the work. The speaker stated that the government had arranged to give substantial financial assistance for the carrying out of the plan. From this and to ten thousand dollars would be granted for the construction of the building and a certain percentage paid annually toward the expense of transportation. Every consolidated school gets the yearly grant of \$100 per teacher. He further stated that an additional bonus of \$2000 would be given to every consolidated school completed previous to December, 1921.

On motion of Messrs. Ivory and Johnston a committee consisting of the trustees of Omeme and the different sections concerned was appointed to give the matter consideration.

Among those present from a distance were: Mr. J. McGregor, of the Albany Review, Peterboro, Inspectors Broderick and Stevens, J. W. Hoyell and A. A. Knight, of Lindsay, who very kindly offered the lantern showing the interesting slides.

NEW COMMUNITY HALL AT DOWNSVILLE

Opened in Presence of His Lordship Bishop O'Brien and Other Distinguished Clergymen

Warden Morrison in the Chair—Members Present

WARDEN'S ADDRESS

"At the regular session of the County Council of Victoria for November 19th, which commenced Tuesday, the following Councillors were present: Messrs. Tompkins, Adair, Alton, Gilman, Patterson, McParlane, Wilson, Brock and Southam, and Warden Morrison. The first consolidated school has been in existence for more than forty years. They are now in existence in 121 halves of the continent and in no case would the ratepayers return to the old system. He felt that what was good for only one community was good for only one. Canada has shown by her work during the war that there is no more impossible for her to do in Manitoba the schools were started in 1906. Since Dr. Cody had announced the plan for Ontario schools have been consolidated at Mallorytown in Leeds County, and one in Northern Ontario. Conditions are changing in most localities and we must be alive and ready to meet the new situation. The Consolidated School develops the proper community spirit under ideal conditions. He pointed out that in the vicinity of Omeme there were three or four schools with a small average attendance, that might join with the village school. Three teachers instead of five could handle the work. The speaker stated that the government had arranged to give substantial financial assistance for the carrying out of the plan. From this and to ten thousand dollars would be granted for the construction of the building and a certain percentage paid annually toward the expense of transportation. Every consolidated school gets the yearly grant of \$100 per teacher. He further stated that an additional bonus of \$2000 would be given to every consolidated school completed previous to December, 1921.

On motion of Messrs. Ivory and Johnston a committee consisting of the trustees of Omeme and the different sections concerned was appointed to give the matter consideration.

Among those present from a distance were: Mr. J. McGregor, of the Albany Review, Peterboro, Inspectors Broderick and Stevens, J. W. Hoyell and A. A. Knight, of Lindsay, who very kindly offered the lantern showing the interesting slides.

COUNTY COUNCIL NOTES

It is expected that Sir Adam Beck will make a visit to the county in the near future in regard to the Hydro radial.

Members of the council have been mailed complimentary copies of the "Hut," a publication issued by the Catholic Army Huts.

Leo N. Smith, son of Dr. and Mrs. N. Smith, is on hand again as page.

Adrian Brock of Downsview was greeted by the old and familiar greeting of "Sir Adam."

The various paragraphs in the Warden's address were referred to the appropriate committees.

One of the natural men of wit around the council board is Mr. Christopher Thompson, of Dalton, one of the northern townships in the county. Last night while casually talking with his colleagues he remarked in a joking manner that he did not think he would go home that evening as he could go there when he could go no place else. Of course he was joking, but it was many, many miles away, and the train had already left for the north.

Mr. E. E. Sharpe has applied for the position of Better Attendance Officer for public schools.

There are four "Macs" in the County Council, namely, "McGarry, McParlane, McIntyre, and McPadden."

Conn. Parsons, of Omeme, attended the meeting held in his home village Tuesday night in the interest of Consolidated Schools.

Clark McNeillie informed the Councillors that all the files of the Warden and the Post are carefully bound every year and placed in the vault. An overflow number of files are stored in the Public Library. They date back many years.

Councillor Patterson of Ops, and Thompson, of Pegasus, made a trip of inspection Tuesday afternoon into the Township of Pegasus, and with Coun. Allan Curries, of Ops, inspected a culvert and some other drainage matters.

SPOTTER WAS FINED AT TORONTO

With Two Others Represented Themselves to be Inspectors.

Recently Visited Lindsay and Secured a Conviction.

Recently a man living in Toronto entered a house that city and represented themselves to be liquor inspectors. The story goes that they produced badges to show their authority. Apparently they were successful in finding a small quantity of wine and champagne, and from all accounts partook too freely of the "best" that cheer.

The suspicions of the lady of the house were aroused and it turned out that the inspectors were bogus. They were brought to justice and fined for their part in representing themselves to be members of the force, for being disorderly and having liquor in their possession, and were heavily fined.

To Lindsay readers it is interesting to know that one of the bogus inspectors is said to be the "spotter" who recently had a pointer in one of the Lindsay hotels pulled out after eating him for a drink of liquor.

It is fully to try deaf mutes as servants; they won't answer.

BEAUTIFUL NEW HALL'S A CREDIT TO THE COMMUNITY

AND TO REV. FATHER GALVIN

Long Program of Excellent Addresses, Song and Recitation—Bouquets Presented to His Lordship and to Mr. F. G. Sandy.

Tuesday, Nov. 18th will stand out as a red letter day in the history of the people of Downsview and St. Luke's R. C. Church and congregation in particular. Last night the beautiful, commodious, well-designed and much-needed Parish or Community Hall was opened to the public.

The opening, which was of an auspicious nature and well attended, despite the inclemency of the weather, was graced by the presence of a number of prominent clergy from the diocese, including the following who occupied seats on the stage: His Lordship Rev. Bishop O'Brien, Rev. Mr. Maguire, Rev. Mr. Côté, of Peterboro; Rev. Messrs. Cancy, Rev. O'Leary, Rev. Fr. Phalen, Rev. Fr. McCall, Rev. Fr. Guiry, Rev. Fr. Connolly, and Rev. Fr. Galvin, Parish Priest.

Other gentlemen present from a distance included Mr. Patnam, of the Department of Agriculture, representing Hon. Mr. Doherty, Minister of Agriculture, who was unable to be present; Mr. F. G. Sandy, Minister of Senator McLaughlin, L. V. O'Connor, Deputy-Reeve J. O'Reilly, J. O'Reilly, Jr., Mr. and Mrs. A. M. Rose, and Mrs. J. M. Dedman, Ford W. Joyce of the Warden, and Mrs. Moyes, Mr. A. O'Loughlin, Mr. T. J. Bealey of the Post, Mr. Nicholas Brady, Mr. G. H. Wilson, Miss Ethel Gillman, Mr. P. Murphy, Mr. A. W. Willis and Miss Allen, of Lindsay, Rev. Vincent of Emily, R. H. Hedges of Roshamo, M. H. McGough, and others.

A Fine Hall
Without a doubt to be congratulated, the new hall is one of the finest in the Province, and a great credit to the Rev. Fr. Galvin, who worked so hard and faithfully towards its erection and finance, to Bishop O'Brien for his consent and advice, and to the Church Committee and the congregation of St. Luke's who gave Fr. Galvin every support possible.

The hall is pretentious, will seat some four or five hundred people, and the chair seats are so arranged so that the hall can be used for any form of entertainment, in keeping with the dignity of the parish, and possibly 80 feet long by 40 feet wide, with a large, deep stage, some 41 feet in width, equipped with dressing rooms on either side, and an exceptionally large, and the drop curtain is one of the finest to be seen in the smaller halls of the country.

It was made in the shop of Mr. W. A. Goodwin of Lindsay. The hall is well lighted with modern lighting, and has splendid acoustic qualifications. At the front of the hall are provided two fine rooms, and can be used for cloak rooms or for both purposes. The basement is a feature of the hall, and is a great credit to the Rev. Fr. Galvin, who worked so hard and faithfully towards its erection and finance, to Bishop O'Brien for his consent and advice, and to the Church Committee and the congregation of St. Luke's who gave Fr. Galvin every support possible.

REMARKABLE FALL WEATHER

Warden Morrison of the County, whose home is in Somerville, remarked Tuesday that the weather is remarkable for this time of the year, and farmers can still do a good deal of work before the fact there is no frost in the ground yet.

In a letter he received from his son out West, who recently returned from overseas, the young man stated that the West had been visited by severe frosts, as early as October 16th.

Word has been received at Halifax that the steamer Lady was stranded on a reef near Nova Scotia.

New Community Hall At Downeyville

Continued from page 7
The people of Downeyville with the beautiful hall, it's a place of meeting the young men meet the young ladies, and they go to the priest to get married. Farmers want to become more efficient in their own work, and the hall will help. You can have good gatherings, you can talk farming or politics. This place is in every place for young men to make speeches and become members of parliament, or Ministers of Agriculture. Already this hall has shown itself to be a necessity.

A solo by Mr. A. W. Allen was received with rounds of applause. "I've got my Captain Working for me."

Senator McElroy spoke of the kindness of the people of Emily on different occasions. He missed many of his old friends, who had passed away. The hall was much needed and would be beneficial to the community. "The man who is on his farm has more manhood about him than any man in any other profession."

He referred to the great men who had grown up in Downeyville and made good names for themselves in the world.

Miss R. Costello favored the audience with a recitation, which was exceptionally well rendered and received loud applause.

Mr. Putnam
Mr. Putnam, who was present in the absence of Mr. Doherty, said in part: "It is a great pleasure to see so many fine halls springing up throughout the country. There was great force in united action."

"Hon. Mr. Doherty is deeply interested in the farm and especially in the development of agricultural results."

"Here you have seen well to the needs of your community in building such a building. I am glad to know that the farmers are the backbone of the country and I have no doubt that the affairs of this country will be run in a very efficient way."

"The farmers are larger in numbers than any other producing industry. The farmers are more efficient than men in other lines of production. In the real world while farmer we have the capitalist and a real manager and worker."

"To have efficient results we must have good character."

AN IDEAL TONIC FOR WEAK PEOPLE

Dr. Williams' Pink Pills Act Directly on the Blood and Nerves.

Food is as important to the sick person as medicine, more so in fact. A badly chosen diet may retard recovery. In health the natural appetite is the best guide to follow; in sickness the appetite is often feeble and depraved.

Proper food and a good tonic will keep most people in good health. Dr. Williams' Pink Pills are the most popular tonic medicine in the world, harmless and certain in their action, which is to build up the blood and restore the vitality to the run-down system. For growing girls who become thin and pale, for tired women, and for old people who fall in strength Dr. Williams' Pink Pills are an ideal tonic. Thousands of people have testified to the health-giving qualities of Dr. Williams' Pink Pills, and in many homes they are the only medicine used. Among the homes in which the benefits of this medicine have been proved is that of Mr. E. A. Underwood, Kingston, Ont., who says: "I have used Dr. Williams' Pink Pills with the most beneficial results. As the result of hard work I was very much run down, and my appetite was very poor. I put a supply of the pills which I used regularly for some weeks with the result that they restored me to my old-time strength. They also proved a blessing to my daughter, who was in a very anaemic condition, and who seemed not to get more than temporary relief from any medicine until she took Dr. Williams' Pink Pills. She took the pills for about three months, and is now enjoying the best of health. For these reasons I can strongly recommend Dr. Williams' Pink Pills."

At the first step in the treatment of order take Dr. Williams' Pink Pills, and note the speedy improvement in the vitality, the appetite, health and spirits. You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Mr. F. G. Sandy
Mr. F. G. Sandy, M.P., said he was glad to see a community hall. "The farmers have not been up to standard in the past, but in the future farmers are going to stand together for the good of the world."

He spoke strongly in favor of a better educational policy, which would come about through better agricultural conditions.

Pleasant Presentation
At this juncture His Lordship Bishop O'Brien and Mr. F. G. Sandy were presented with fine bouquets by three little girls, the presentation being accompanied by a clever speech by little Miss Ethel Scully.

Mr. Perdue and Miss Horlifer favored the audience with a vocal duet. A chorus "O Canada" by the children of the school, was sung in stirring manner and much appreciated.

Reverend Wilson
Reverend Wilson congratulated Mr. Galvin and the good people of Downeyville on the excellent hall. Every community should have such a hall.

Mr. L. V. O'Connor
Mr. L. V. O'Connor had a vision of a large hall being built in Lindsay, next to the skating rink, which would also be for community purposes. "In building a hall of this kind you had to have able leadership and you have it in Bishop O'Brien and Mr. Galvin."

SHOOTING ACCIDENT AT RICE LAKE

One Young Man's Arm
Very Painfully Injured.

Port Hope, Nov. 15.—On Thursday afternoon last while duck shooting at Rice Lake in company with his father, Col. E. M. MacNacchan, and Rev. Mr. Bremner, Ted McNaechan, of Colborne, accidentally discharged the gun he was carrying.

The charge entering his arm, tearing away the flesh and shattering the bone. Medical assistance was secured at Ricehead and an investigation it was feared that amputation would be necessary. With this in view the doctor ordered his removal to the Colborne hospital. The X-ray equipment at the hospital in this instance proved of great value and was probably the means of saving the young man's arm, the doctor being able to locate and remove the shot, thus preventing blood poisoning. Mr. MacNacchan, we understand, is doing as well as can be expected.

A party of twenty-nine Hungarians are returning as uninvited guests of the Canadian Pacific Railway on board an Okanagan Lake steamer, being forbidden by a body of returned soldiers of Colborne to land there.

HINT FOR E. C. DRURY

Telegram: It might be well for Hon. E. C. Drury, the new Premier, to take a warning.

In the corridors of the parliament buildings are hung the oil paintings of the different Premiers of Ontario from "away back."

Hon. A. S. Hardy had his portrait handed down to posterity and shortly afterwards he died. Hon. Sir George Ross didn't survive long as leader of the opposition after his picture was hung. Sir James Whitney, though still leader of the government, died shortly after his oil painting was set up. And only last year Sir William Howard had his picture placed in the hall of power. And set what happened to him.

And besides, one of the planks of the U.P.O. is the cutting down of expenditure, it will save at least \$1,500 to the province if the portrait is not painted.

George Shannon, aged nineteen, was found dead in the straw in his uncle's barn in August last month with a broken rope around his neck. He had been melancholy.

Fire destroyed the general store, barn and barn of Edna Rose, of Millerton, Ont., and the loss is estimated at \$1,500.

COAL SITUATION QUITE SERIOUS

Toronto, Nov. 19.—So serious has the bituminous coal situation become that Mr. H. A. Harrington, Fuel Administrator for Ontario, has issued a warning to manufacturers, notifying them that an embargo has been placed upon all bituminous coal and urging them to observe the strictest economy with the stores which they have at present possession. The critical situation has arisen solely through the reports of the decrease of production of this class of coal in the United States, and in order that the least possible hardship may be caused in the event of a further shortage of bituminous coal, all bituminous coal in storage and in transit has been taken over by the fuel administration. No dealers in coal will be permitted to deliver any bituminous coal without the permission of the Fuel Administration for the Province, and all applications for bituminous coal will have to be made to him, accompanied by particular setting forth the nature of the industry, the stock of coal on hand and daily consumption, and the railways on which the industry requiring the coal is located. Consignees who have been notified by shippers that cars left the mines for them are warned not to regard such coal as being in stock, as it will not be permitted to cross the international border.

IMMIGRATION INSPECTOR
On Saturday Mr. Wm. P. Skitch, of Colborne, received word from Ottawa that he had been appointed Immigration Inspector for the port of Colborne in place of David Ewing, deceased. The position carries with it a salary of \$1,600. Mr. Skitch is a returned soldier, having gone overseas in 1915 with the Queen's University Field Battery, and was shell shocked during the big allied offensive on the Somme. He is also a relative of Mr. and Mrs. W. R. Skitch, of Lindsay.

Mr. Thomas has revived their Canadian Club, which has not met since 1914.

Wanted—Good working housekeeper, good wages, good treatment. Apply to Mrs. J. W. Macmillan, 130 Dufferin-st., Toronto.—27.

Auction Sale—Sale of farm stock and implements, the property of Edwin Besock, lot 5, con. 1, Ops. on Frid. Nov. 21, at 12 o'clock. Geo. Jackson, auctioneer.—24-25

COUNTY COUNCIL NOTES

Cowan's bridge has been taken over as a county bridge.

Expenditures on Mud Lake Narrows Bridge amounted to \$46.50.

Mr. Howard Mitchell, caretaker of Mitchell's Bridge, was paid \$12 for work done on the bridge.

Under the good roads policy a bridge less than 10 ft. is called a culvert.

It cost \$9.25 to put lights on the ends of the Bobogayon bridge.

Scott's Creek bridge on the boundary of Victoria and Ontario Counties will not be built until next year.

Coun. Tompkins reports that the Lamp Pong bridge is one of the best in the county and a credit to the Township of Fenelon.

Members of the council were interested in reading the newspaper reports concerning the Wardens' intention of pursuing the former government's plan of good roads, as adopted by Victoria County.

Coun. Wilson stated that nothing had been done regarding Jack's bridge on the boundary between Emily and Smith townships. He also said that Linty's bridge on the boundary should be built.

Duncan A. McFadden, Reeve of Eglon Township, is the hunter of the County Council, and this year, along with three other hunters was successful in bringing out four deer, the last of which was a large one. He is an experienced hunter, and after hearing the general Reeve's story of the hunt we are not surprised at his ability to bring out the deer. This year the party hunted in Carling Township beyond Parry Sound. Other members of the party were: Messrs. W. W. of Sunderland, John Ward of Orillia, and John Campbell of Hartley.

The Roads and Bridges Committee approved of the action of a committee which met a committee from the Township of Fenelon, and the Provincial and County Roads System.

Accounts regarding examiners for Entrance papers amounted to a considerable sum, and were ordered to be paid. The examiners are paid at the rate of \$5 per day.

The council notified and confirmed a by-law from Eglon Township council closing a byroad in the above township. Reeve McFadden made full explanation of the road, when it was affected, and the relation towards the C.P.R., which runs through the township.

It cannot be too strongly emphasized that if the provisions of the School Attendance Act are to be strictly carried out, the assessors of the various townships must carefully prepare a census of the school children.

The report of the Standing Committee on Education was read and adopted. Reeve Parsons occupying the chair.

Some of the councillors saw "Bringing up Father in Society" at the Academy last night, and were delighted with the show.

It is a little early to surmise who will be the next Reeve of the County, but several names are mentioned as likely to be in line for the office if they are re-elected. In this connection the names of Reeve Wilson, of Emily; Reeve Alton, of Carden; Reeve McGee, of Lindsay; and Reeve Thompson, of Dalton.

Reeve McIntyre of Woodville and Reeve Jenkins of Mariposa are mentioned. Any one of them would make an able Reeve.

A by-law regarding the licensing of beer, and the duties of the dealers will be brought up for the purpose of amending the same.

"We want to get our power line fixed up," said Mayor McLean, addressing "Sir Adam" Brock. "Are you the right man?"

Coun. Babcock, of Lindsay, says he will not be a member of the county council next year as he has moved into the Township of Ops.

Coun. O'Reilly "I understand you are going to run for Reeve of Ops."

Coun. Babcock "No, I would not think of opposing such a fine fellow and good councillor as Coun. Patterson. He should receive an acclamation next year."

Coun. McIntyre, of Woodville, is a popular member, and his Chevrolet

is kept busy chugging his colleagues to and from the Court House.

Victoria County's honor flag is flying from the Court House flag pole.

As Peterboro County has as yet failed to co-operate with Victoria County regarding the maintenance of a bridge on the boundary of Peterboro and Victoria County, the matter has been placed in the hands of the solicitors, who have communicated with Peterboro Council. It is hoped that committees from both counties will get together and settle the matter, but if this meeting does not materialize then the matter will be placed in the hands of the arbitrators for settlement.

A number of the councillors will inspect the road over Shannon's hill Saturday afternoon. Coun. O'Reilly said that Victoria County should do everything possible to have roads made as good as it would give a great deal of trade to Lindsay.

Many of the councillors are watching with interest (and some with no little anxiety) the progress of the preliminary race for the Wardenship of 1920. Of course it is only a preliminary race, for none of the aspirants are candidates of returning year. However, they are all good fellows and are getting considerable fun out of the prospective Wardenship Friday morning.

Persons, of Onnesse introduced Coun. Tompkins of Fenelon, to talk of the prospective candidates. "Sir," said the Catholic Army Unit, which was well composed and quite interesting and instructive.

Victoria and Alexandra Industrial Schools will be paid accounts for the maintenance of county inmates.

All auctioneer licenses will expire, according to by-law, on the 31st of December of each year, which is an amendment to the original by-law.

Coun. O'Reilly occupied the chair at the reading of the by-law regarding the licensing of junk dealers, etc.

On the reading of the by-law regarding outcrops, Coun. McGee occupied the chair.

Junk dealers in the county are now required to secure a license No. from the Clerk, which must be either posted up at his shop, or shall be displayed on his vehicle while in use. All yards and shops must be kept in a sanitary condition.

Coun. Babcock occupied the Wardens' chair for a short time this morning, when members of the council spoke of their plans of being a member of the County Council, of the high qualities of the Wardens, and the wonderful abilities of the worthy Clerk.

Coun. Thompson was allowed \$5 per day for supervising and visiting a bridge under construction back north. He remarked that he did not see a shore which he had a ripple of laughter.

\$412.20 was the cost of building two bridges between the Townships of Mars and Eglon.

\$78.50 was paid P. C. Chambers for expenditures on the Fenelon Falls bridge.

A grant of \$75 was made to extend the sidewalk in Dundas, which was made under the supervision of Coun. Southam.

Chairman Tompkins stated that in connection with the bridge on the Township of Emily, Reeve Chipraw and the builder.

Coun. Wilson was voted to be the chair when the report of the Roads and Bridges Committee was read and adopted.

Certain amendments were made to the by-law regarding the licensing of junk dealers.

On motion of Coun. Jenkins and Brock, the usual honorarium of \$500 was granted to the Warden.

The question of Income Tax came up for discussion and appears to be as complicated as ever. It was pointed out that the law required every person in the county to fill out the Income Tax form.

Mr. W. S. Page, of the Civil Establishment and employment bureau communicated that he would be glad to co-operate with the County Council in the matter of finding proper employment for returned men, for business failures and others in need of help, and otherwise assisting to right conditions.

The Councillors all came up sailing Saturday morning after the big banquet held Friday night.

Coun. Mark, of Mariposa, occupied the chair when the second report of the Standing Committee on Roads and Bridges was read.

Coun. Thompson was chairman on the reading of the by-law regarding the appointment of an arbitrator regarding the Kiamout bridge.

Some of the Councillors will attend the meeting of the Reform Association today.

The report of the Standing Committee on Finance and Assessment was read and passed. Coun. Jenkins is the chair.

Mr. J. B. Chamberlain was a letter writer on the subject of junk licenses, but it was filed. Clerk McNeill stated that Mr. Chamberlain had taken out the necessary license.

Clerk McNeill will supply the assessors with the necessary blank assessment tax.

At Clerk McNeill's recommendation in the reading of the by-law, the county will be issued to the clerk of each year, expiring on Dec. 31st of each year. It was pointed out that the county license holders are required to apply for a license this year, thus doing the County out of \$40 a year.

Councillors expressed their appreciation of the excellent booklet issued by the Catholic Army Unit, which was well composed and quite interesting and instructive.

Victoria and Alexandra Industrial Schools will be paid accounts for the maintenance of county inmates.

All auctioneer licenses will expire, according to by-law, on the 31st of December of each year, which is an amendment to the original by-law.

Coun. O'Reilly occupied the chair at the reading of the by-law regarding the licensing of junk dealers, etc.

On the reading of the by-law regarding outcrops, Coun. McGee occupied the chair.

Junk dealers in the county are now required to secure a license No. from the Clerk, which must be either posted up at his shop, or shall be displayed on his vehicle while in use. All yards and shops must be kept in a sanitary condition.

Coun. Babcock occupied the Wardens' chair for a short time this morning, when members of the council spoke of their plans of being a member of the County Council, of the high qualities of the Wardens, and the wonderful abilities of the worthy Clerk.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Dr. H. H. Fletcher, and has been under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Purgative, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Dr. H. H. Fletcher

In Use For Over 30 Years

The Kind You Have Always Bought

THE COW THAT SHRANK.

Orilla Packet: The following story is making the round "A farmer living near Lindsay decided to sell a cow. He weighed the animal at home, and it weighed 420 pounds. On arriving the shipping point, it was again weighed, and it went only 300 pounds. The farmer, thinking the cow was coming one mile. As he shipped the cow to Toronto, a distance of 70 miles, he figured that at the rate of 10 pounds per mile shrinkage, by the time the animal reached Toronto he would have no cow at all." It is a cow that all needs a long memory. He needs to remember that a cow that shrinks 100 lbs. in the land of Lilliput; it would be no cow at all in Lindsay or Toronto.

"BE MASTER OF YOUR HEALTH"

—DR. CHASE

Make your blood rich—strengthen your nerves, increase your vitality and build up your system generally by using.

Dr. Chase's Nerve Food

You may be skeptical of what any medicine will do for you. But you are human—your vitality depends on an abundance of rich, red blood. Dr. Chase's Nerve Food supplies the ingredients from which new blood is created, and is bound to help you in the same way that it helps many thousands of others.

HERE IS THE PROOF

Guelph

Mrs. Emma Lorch, 95 York Rd., Guelph, Ont., writes:—
"Last year my system became run-down, and I was troubled with nervousness. I had frequent headaches, and found it difficult to get a good night's sleep. I sometimes had a creepy sensation or hot flashes over my body. I secured some of Dr. Chase's Nerve Food in January, and after using them for a time I noticed an improvement. I therefore continued the treatment until the headaches and that creepy feeling disappeared. I got better control of my nerves and now can go to bed and get a real good night's rest. We think a great deal of Dr. Chase's medicine, and I can certainly recommend the Nerve Food."

Hamilton

Mrs. S. Stanton, 136 McNab St. N., Hamilton, Ont., writes:—
"I have used Dr. Chase's Nerve Food for a run-down system, and found it splendid for strengthening and building up the body. I can recommend it to any person requiring a good tonic."

London

Mrs. S. McIntire, 23 Hyla St., London, Ont., writes:—
"About a year ago I had a complete collapse from my nerves. I was taken to the hospital for a treatment, but it did not give me much relief. When I was brought home again, I went to the country for a change of air. I seemed to be a little better while there, but after my return home I did not feel much better. I used to have nervous spells, when my limbs would begin to shake, then grow cold, and I would be completely exhausted. I was also troubled with an accumulation of gas on my stomach, which caused palpitation of the heart. At last I decided to try Dr. Chase's Nerve Food, and after I had used them for a while, I could see that they were helping me, so I continued using them until I became quite well again. I became real strong and healthy, could sleep well at night, and was able to do my own housework. As I got stronger the nervous spells disappeared, and I have not had one since. I also used an occasional Kidney-Liver Pill in connection with the Nerve Food, which I think cured the gas on my stomach. I have received such benefit from these medicines that I wish to recommend them to others."

Brockville

Mr. M. B. McCarty, 88 Church St., Brockville, Ont., writes:—
"About five years ago I was troubled with nervousness and sleeplessness. Owing to my business (as baker) I had long hours and only broken rest, and became so run-down that when I could get the time to sleep, sleep would not come. Through reading some of the advertisements and also looking over a family recipe book, I decided to try Dr. Chase's Nerve Food. I purchased a box, tried it, and continued the treatment until I found myself much improved and could get a good night's rest. Since then, when I feel the need of them, I resort to Dr. Chase's Nerve Food again, with the same good results. I fully recommend the use of this treatment to anyone suffering from nervousness or sleeplessness."

At this season almost everybody is in need of restorative treatment to keep up energy and vigor and to maintain health, strength and vitality. Everywhere people are talking about Dr. Chase's Nerve Food, because it seems to be exactly what is required in the great majority of cases to restore the run-down human system. 50 cents a box, 6 for \$2.75, all dealers, or Edmondson, Bates & Co., Ltd., Toronto. The portrait and signature of A. W. Chase, M. D., are on every box.

Woodstock

Mrs. T. Alenby, 235 Main St., Woodstock, Ont., writes:—
"For several years I have made use of Dr. Chase's Nerve Food as a tonic and blood-builder. Whenever my system gets run down or I do not feel quite up to the mark, I resort to this medicine, and they never fail to build me up and strengthen me. Different members of our household have also made use of Dr. Chase's Nerve Food with splendid results."

Peterboro

Mrs. James Bogue, 229 Dublin St., Peterboro, Ont., writes:—
"Three years ago I noticed that our children seemed to be suffering from bad nerves and poor appetites and were inclined to anæmia. Knowing the good of Dr. Chase's Nerve Food, I started to give them this treatment of this medicine. I found it built them right up, made them bright and cheery, and restored their usual good health. I have also used the Nerve Food myself and found it very beneficial for nerves and heart. In fact I have found Dr. Chase's Nerve Food to be such a valuable medicine for general family use that I have recommended it to many of our friends and acquaintances."

Pictou

Mrs. Arthur Hicks, Pictou, Ont., writes:—
"About a year ago I was on the verge of nervous prostration. I became very irritable, and could scarcely stand the noise of the children. As for sleep, it was impossible. Then I had an attack of neuritis in my right arm and little finger. I had spent a great deal of money on different medicines, and consulted with different doctors trying to get relief, but without success. Finally I tried Dr. Chase's Nerve Food, and they have given me great benefit. My husband could see a great improvement in my looks in a short time. I feel so much better that I cannot speak too highly of Dr. Chase's Nerve Food, and would recommend them to anyone suffering from nervous troubles."

Collingwood

Mr. Harry Edward Trotman, First St., Collingwood, Ont., writes:—
"It is with great pleasure I write to tell you the splendid results I have secured through the use of Dr. Chase's Nerve Food. Before I commenced this treatment, I suffered from nervousness—was restless, easily worried, had frequent headaches and neuralgic pains through my body, especially in the back. I could neither sleep nor eat well, nor circulation was poor and the heart action seemed weak. I also had attacks of indigestion. I tried several different remedies but could not gain permanent relief. At last I started taking Dr. Chase's Nerve Food, and this treatment, together with an occasional Kidney-Liver Pill, worked wonders in my case. Five boxes of Nerve Food cured me. My wife has also derived great benefit from the same treatment, and we shall never be without these medicines in the house as long as we can get them."

"Oh, You Do Look So Strong and Well!"

Children's Diseases Are Not Necessary

"I Am So Short of Breath"

"I Wonder If It Would Help Me?"

"I Am So Afraid It Is My Heart"

"You Will Have to be Careful, John, the Doctor Says Your Heart is Very Weak."

"What is This Nerve Food You See Ad-vertised in all the Papers, Some Kind of Patent Medicine?"

Workers in Chemicals and Metals Are Often Subject to Anæmia

A Mother's Tribute

"I don't think I can go any less, for I just feel wretched"

"Will Morning Never Come"

"I Shall Have to Quit, Principal, I Cannot Manage This Class"

"It is with great pleasure I write to tell you the splendid results I have secured through the use of Dr. Chase's Nerve Food. Before I commenced this treatment, I suffered from nervousness—was restless, easily worried, had frequent headaches and neuritic pains through my body, especially in the back. I could neither sleep nor eat well, my circulation was poor and the heart action seemed weak. I also had attacks of indigestion. I tried several different remedies, but could not gain permanent relief. At last I started taking Dr. Chase's Nerve Food, and this treatment, together with an occasional Kidney-Liver Pill, worked wonders in my case. Five boxes of Nerve Food cured me. My wife has also derived great benefit from the same treatment, and we shall never be without these medicines in the house as long as we can get them."

Workers in Chemicals and Metals Are Often Subject to Anæmia

"What is this Nerve Food You See Advertised in all the Papers, Some Kind of Patent Medicine?"
"It is not a patent medicine, but a natural food which supplies the ingredients from which new blood is created, and is bound to help you in the same way that it helps many thousands of others."

A Mother's Tribute

"I don't think I can go, Jessie, for I feel wretched!"
"O, the way you look! I did so want you to go to the party!"
"I have used Dr. Chase's Nerve Food, and they have given me great benefit. My husband could see a great improvement in my looks in a short time. I feel so much better that I cannot speak too highly of Dr. Chase's Nerve Food, and would recommend them to anyone suffering from Nervous troubles."

"Will Morning Never Come?"
"I shall have to quit, Principal, I cannot manage this class!"

NEWS ITEMS OF INTEREST FROM 'CAYCEAN'

Bobokocyn, November 25.—The snow storm of last night and to-day gives us the first real touch of winter. This morning the younger ones get out their sleighs and harness themselves up for a frolic and the boys and girls on the way to school sometimes throw a snowball at the other, just as a reminder. The sleighs and bells are bustling around and altogether the season takes on a certain liveliness, which all look for coming on to Christmas. Some prophesy, however, that when it did come to the end it will all be away again, and as others have the same signs for an open winter, and so on. We have heard of signs and signs, but a good many of them disappear in this frosty air when winter comes. However, we have the snow for the present and hope for good use of it while here.
Mrs. David Bardeen, Main-st., who suffered a paralytic stroke a few weeks ago, was able to withstand the shock and gradually grew weaker, passed away last night at the age of 60 years. Mrs. Bardeen, who was born in Norway, was formerly Matilda Lee, a woman very kindly disposed, quiet in her manner, and with true womanly traits. In religion she was a Methodist, and leaves

besides her husband three sons. John James of Duke, William R., a returned soldier, now of Toronto, and Percy, and one daughter, Ethel, daughter of Hall's Bridge, Harvey. A funeral will be held from her residence on Wednesday, the 26th, to Vernalum cemetery.
Verulam council was in session yesterday. Business was mostly routine and getting squared around for the next meeting of the year. Mr. H. Martin reported the completion of Ingram's bridge at a cost of about 1950. Mr. Ellis had a claim to a vacant lot, but this was left over till 1920. A memorial was passed to the Provincial government asking for assistance in the matter of the auto license licenses may be spent on rural roads, and after passing several accounts adjourned to December 15th.
The play "The White Horse" was advertised, drew a full house last Monday night. It was about the story of a white horse.
Mrs. (Rev.) J. W. Whyte, who was a delegate to the annual meeting of the Women's Institute held in Toronto, returned last night last week after a pleasant visit with friends.
Mr. W. C. Moore is attending the annual meeting of the Canadian Independent Telephone Assn., which was in Toronto.
Mr. A. E. Bottom attended the banquet of Warden Morrison at the Denison House, London, last Friday night, and spoke to the toast of the towns and villages for Bobokocyn.
Rev. J. W. Whyte has returned after a trip to Pembroke in connection with his father's business.
On account of the dark Saturday night there were a couple of run-ins, when Mr. E. G. O'Neil, mail carrier, collided with Mr. Middleton on his return trip at the corner of King and Bolckmans, and the bread wagon of Wright & Leber was scuttled by being run into by a resident of Harvey.

ITEMS OF INTEREST
The Grand Trunk Railway will take 77 passenger trains off its Ontario lines owing to the coal shortage, according to a report from London.
Official notice has been given in Dublin that no more prisoners will be liberated, conditionally or unconditionally, for hunger striking.
Control of the International Mercantile Marine has been placed in the hands of English and Englishmen, according to the Liverpool Post.
A new wage scale and working agreement has been signed between the U. S. Railway Administration and officials of the Brotherhood of Maintenance of Way employees and Laborers.

Men's Heavy suit proof rubber boots with leather tops, 7 inches sole and solid rubber heel, 7 inches from ground to top, men's sizes 6 to 11.
Boys' Rubbers, same size 1 to 5 \$2.50
Youths same size, 11 to 12 \$2.45
This rubber boot will give good service and satisfaction.

CATTLE KILLED.

As the result of a descent on the Grand Trunk, near Millbrook, Monday last, seven or eight head of cattle were killed. They were all in a large corral which was being shipped to Montreal.

SUGAR SCARCE IN THE WEST

Winnipeg, Nov. 25.—Harrassed by sugar-seeking housewives, the retail grocers of Winnipeg are coming to grips today with the sugar famine problem. The grocery section of the Retail Merchants' Association met this afternoon to discuss ways and means of relieving the shortage and securing a more equal distribution of such sugar as is still available in the city. While some people have been unable to secure any white sugar for over a month, others have been permitted to obtain plenty. Nothing to relieve the famine was done after two hours talk.

THREE DEAD ; FOURTH LIKELY

Sad Tragedy in Western Home—Friend Shoots and Kills Three.

Regina, Sask., Nov. 25.—Mr. and Mrs. F. J. Hanson were shot dead at their home between Lemberg and Abernethy about 3:30 this morning, by J. R. Sullivan, a grain buyer at Lemberg, according to reports which have reached the Provincial Police. Their oldest boy lies between life and death with a bullet wound in his neck and Sullivan is held by his own act.

Details of the crime are to the effect that the Hanson family were invited to the home of Sullivan, who was a friend of the family, to spend Sunday with them. Arriving at their home, Sullivan went to the barn to help his boy with the chore, and Sullivan, who was in the house, saying that Hanson had been killed by a horse. Mrs. Hanson went to the barn with her son, Alfred, 15 years of age, and entering saw his neck and Sullivan is held by his own act.

Store Editorial

THE PROGRESS OF THIS STORE REFLECTS ITS POLICIES

The rule that holds fast in the season here is "the minimum price for the maximum quality" and that we think is a mutually fair arrangement to make between buyer and seller. But at end-of-season periods or other seasons we make prices even lower than the minimum in order to close out our clothes and overstocks with the least possible loss of time. These are the plain facts and to us seem sane and sensible reasons why we hope to win new trade.

Intelligent attention and a quick perception of the customer's requirements are, of course a necessary and requisite part of the store service always and our employees co-operate to make that as much their pleasure as their duty. It is coincident with the progress of the store.

CHILDREN'S COTTON RIBBED UNDERWEAR SIZES 4 TO 16 YEARS AT PRICES FROM 50c to \$1.25

"HOUSE OF"

ONTARIO

KILLED A RUSSIAN—HE MUST HANG

Kitchener, Nov. 25.—After two days' trial, Hilda Boreff, charged with the murder of John Sorokoff, a Russian, who was killed near Galt on May 25, last, was found guilty, and sentenced to hang. Mr. Justice Macdonald on January 26. The jury went out at 4:50 this evening and returned with their verdict at 9:30. After the verdict was passed, Mr. A. Secord, Boreff's lawyer, notified the Judge that he would move for a retrial.

Boreff showed great composure when he heard the verdict, and when asked by his lawyer if he had anything to say, he answered firmly, "I have nothing to say."

The courtroom was crowded long before the court resumed. The prisoner led the courtroom in custody of the jailer, with a firm step, but seemed to be somewhat affected.

Boreff is the second man to be executed for the murder of Sorokoff, Ivan Petroff being condemned to hang on Wednesday of last week.

TRAVELLERS TO U. S. MUST BE VACCINATED

Mr. T. C. Macchett, Uptown Agent of the C.P.R., received notification today that in future the railroads in Canada will not carry passengers into the States unless they produce a certificate to the effect that they have been vaccinated.

The order is general, refers to all travelling public, and will be strictly enforced.

The Provincial License Board has appealed to London to cancel the renewal of license granted to the St. Mary Hotel owing to a breach of the O.T.A. by the proprietor.

The railway day is now over.

As they have come of old, When every blessed man you meet Has a sure cure for cold.

DURHAM M. P. P. ASKED TO MAKE WAY

Port Hope, Nov. 25.—Old time politicians who have been looking on Premier Drury as unopposed, are getting their eyes opened. When the great political leaders of the last fifty years wanted to find a constituency for a new Cabinet Minister they looked for a vacancy in a constituency which was represented by one of their supporters, but Premier Drury endeavored to get a political opponent to make way for Hon. Manly DeBerry, Minister of Agriculture.

The report is current here that Mr. Drury the Liberal member for West Durham, was offered a highly remunerative Government appointment if he would resign and allow Mr. DeBerry to contest that riding. Mr. Drury called the Liberal Executive together at Bowmanville to discuss the situation, but Mr. Drury was promptly informed that there was nothing doing.

"Why does Premier Drury not secure a seat for his wandering colleague by getting the resignation of one of his own supporters?" asks Mr. Stagg, of East Durham, a U.F.O. member.

8 INCHES OF SNOW AT KIRKFIELD

There is already eight inches of snow at Kirkfield, and according to a long-distance telegram, "It is still snowing."

The snow storm began Monday night and has been falling steadily ever since.

Nomination day for Provincial by-elections in six ridings has been set for December 15.

"Scare as hen's teeth," the proverb used to be. "Scare as hen's eggs" is now.

Galt town council has definitely risen on New Year's Day as permanent election day.

GERMANS

TALK OF NEW MONARCHY

Old War Song Sung Again—Preacher's Appeal.

Berlin, Nov. 25.—The presence of General Ludendorff, former first quartermaster-general, in the Imperial Palace of the German Emperor church yesterday during a memorial service for Germans who fell in battle, was the occasion for a striking demonstration.

General Ludendorff spoke of military training as an invigorating and moral education. One of the congregation dressed in a field grey uniform rose and exclaimed: "When the hour comes we will all follow you, general," whereupon the whole congregation stood and sang, "Deutschland Über Alles."

In the course of his sermon the preacher said:

"When the time comes we shall die bravely for our brothers and our honor and not disgrace ourselves. The brave will consist of the preacher, standing at the tomb of Frederick the Great, summoned the emperors to unite in creating a monarchy which would be supported by the will of the people."

General Ludendorff was given an ovation as he left the building, and cheers were also raised for former Emperor William.

UKRAINIANS HAVE ANNULLED ARMISTICE WITH GERMANY

Vienna, Nov. 25.—The Ukrainian London press today that the armistice between Germany, Denmark and the Gallies Christian army, concluded on Oct. 24, has been annulled in consequence of the discovery that General Tarnowsky had treacherously negotiated behind British back Tarnowsky and his associates have been arrested, and will be sent to court.

PILES

Do not suffer from Piles. Dr. Charles' Ointment will relieve you of your suffering. It is the only medicine that will cure you of your Piles. It is the only medicine that will cure you of your Piles. It is the only medicine that will cure you of your Piles.

TELEGRAPHIC FLASHES

St. Mary's—Mr. Roy H. Bishop, of Chapman, Osher & Bishop, architects, Toronto, visited St. Mary's for the first time, on his way to the industrial sites and a park system.

Stratford—Ritmo Preceptor Knights Templar officers for 1920 are: President, Preceptor, John White; Conducter, Alonzo Abraham; Marshal, D. C. Atkins; Chaplain, A. Stevenson; Registrar, John Stevenson; Treasurer, W. G. Irwin; Submarshal, D. Scott; Guard, Wm. McKellar and Auditors, B. C. Atkins and J. A. McFarlane.

Stratford—Wm. Jesson, a former Secretary of the Y.M.C.A. in this city, who did valuable work during the war at Galt, and who has also served in Calcutta, will be transferred to a luncheon here on Friday by the local director, J. Howard Crocker, of Shanghai, another former secretary and friend, will be a guest of honor on this occasion.

Ottawa—Ottawa is to have three batteries of machine guns, which will comprise the 4th Machine Gun Company of the First Canadian Machine Gun Brigade, in the new organization of the peace time militia force. The brigade will consist of companies from Ottawa, Kingston and Peterborough, and will be under the command of Lieut-Col. P. G. C. Campbell, of Kingston.

Stratford—The construction in the construction of the new T. & E. Hill street railway line to St. Paul's avenue will likely be deferred until the spring. The subway will be ready until then, as the cold weather will probably hold up the concrete work. Next summer, however, the deal on on Dundas street will be thing of the past and the cars will run in a loop around the city.

David Shilling, whose home is near Marky Station, was fatally injured by being caught in the fly wheel of a gasoline engine which he was operating in his barn.

Rev. E. Val Thion is attending the Forward Movement campaign meetings in Toronto.

Mr. George Foster started the raising of the wheat embargo by the United States would mean larger markets for the Canadian wheat growers.

BERLIN NEWSPAPERS COMMENT ON SHARPENED RELATIONS

Berlin, Nov. 25.—The Vossische Zeitung and the Tagblatt comment on the sharpened relations between France and Germany. The Tagblatt takes up the question of the restoration of Northern France, and summarizes the German Government's immediate to announce what it offers in this connection and why its proposal failed.
